LA FABBRICA AVA
EXTRAORDINARY TILES

NUOVA VESTE PER UNA IDENTITÀ AZIENDALE CHE SI EVOLVE

New look for
a corporate identity
that is evolving

Nel corso degli anni l'evoluzione tecnologica e le tendenze del design hanno portato a uno sviluppo di prodotti sempre più in linea con le esigenze del mercato.
L'intera produzione aziendale può ora fregiarsi di caratteristiche distintive quali **italianità, ricerca nel design, qualità certificata** e **performance di altissimo livello**.
Il tutto in grado di generare un mix di prodotti in gres porcellanato che possono soddisfare progetti innovativi che prevedono l'utilizzo di grandi lastre o, anche, formati ceramici tradizionali.
Da qui una compenetrazione fra i cataloghi dei due brand, **La Fabbrica e AVA**, e l'esigenza di unirli in una proposta unica e distintiva.
Attraverso la scelta di forme lineari, minimal, abbiamo creato un brand che abbraccia e unisce La Fabbrica e AVA.
Quattro linee verticali, in progressione dinamica, simboleggiano gli spessori in gamma all'interno di questa nuova offerta unificata e, allo stesso tempo, creano movimento all'interno del marchio. Il payoff "**Extraordinary Tiles**" si ricollega a entrambe le storie di prodotto, nel segno dell'unione e della spinta prospettica verso nuovi e ambiziosi traguardi.
In equilibrio fra design e performance proponiamo un rinnovamento del nostro marchio. Lastre che affondano le radici del loro fascino nella tradizione italiana, per tendere verso l'innovazione ceramica.

Insieme nel nome del design: LA FABBRICA AVA, è nato il connubio perfetto.

Over the years, technological evolution and design trends have brought about the development of products increasingly in line with market needs.
The entire company production can now boast distinctive characteristics such as **Italianness, design research, certified quality** and **performance of the highest level.**
All this is able to generate a mix of porcelain stoneware products that can satisfy innovative projects involving the use of large slabs or even traditional ceramic formats.
Hence an interpenetration between the catalogs of the two brands, **La Fabbrica and AVA**, and the need to unite them in a unique and distinctive proposal.
Through the choice of linear, minimal shapes, we have created a brand that embraces and unites La Fabbrica and AVA. Four vertical lines, in dynamic progression, symbolize the thicknesses in the range within this new unified proposal and, at the same time, create movement within the brand. The payoff "**Extraordinary Tiles**" is linked to both product stories, in the sign of union and the prospective push towards new and ambitious goals.
In balance between design and performance, we propose a renewal of our brand. Slabs whose charm has deep roots in tradition, to reach out toward ceramic innovation.

Together in the name of design: LA FABBRICA AVA, the birth of the perfect union.

ITALIAN DESIGN & MADE IN ITALY

LA FABBRICA AVA
EXTRAORDINARY TILES

In equilibrio fra design e performance, la rinascita della ceramica italiana. Lastre che affondano le radici del loro fascino nella tradizione per tendere verso l'innovazione ceramica. Insieme, nel nome del design.
LA FABBRICA AVA, è nato il matrimonio perfetto.

The balance between design and performance, the rebirth of Italian ceramics. Slabs whose charm has deep roots in tradition, to reach out toward ceramic innovation. Together, in the name of design.

LE TAPPE

The stages.
Les étapes.
Die Etappen.

1994

Nasce a Castel Bolognese (RAVENNA) La Fabbrica S.p.A. L'alta qualità legata al design e alla creatività diventano i fattori di riconoscimento e successo attraverso una forza vendita capillare distribuita in Italia e all'estero. "La Fabbrica" si conferma in breve tempo come riferimento dell'eccellenza ceramica italiana.

La Fabbrica S.p.A. begins trading in Castel Bolognese (RAVENNA). The high quality linked to design and creativity, soon became factors of recognition and success through a strong sales force scattered throughout Italy and abroad. "La Fabbrica" was quickly confirmed as a reference point for Italian ceramic excellence.

2014

Sempre cavalcando le ultime tendenze del momento al Cersaie 2014 il marchio AVA introduce nel mercato il grande formato. Extraordinary Size è il progetto ambizioso di lastre in gres porcellanato tra le più grandi al mondo, 320×160 in soli 6 mm, che sviluppa una varietà di collezioni declinate in molteplici grafiche e sotto formati.

Following the last trends, during Cersaie 2014, the Ava brand introduces the big size. Extraordinary Size is the ambitious project of the largest porcelain stoneware slabs in the world, 320×160 cm with a thickness of only 6 mm which develops a wide range of collections declined in a great variety of graphics and smaller sizes.

2017

A maggio 2017 La Fabbrica Ceramiche entra a far parte della Holding Italcer Group S.p.A., azienda creata dal Fondo Italiano di private Equity Mandarin Capital Partners II, guidata dal CEO Graziano Verdi, col fine di creare un polo di lusso nel settore della ceramica Made in Italy di alta gamma.

In May 2017, La Fabbrica Ceramiche became part of Holding Italcer Group spa, a holding company created by the Italian private equity fund Mandarin Capital Partners II, headed by CEO Graziano Verdi. The Group's objective is to create a luxury cluster in the high-end ceramic sector.

2017

3 agosto 2017. Acquisizione del 100% di Elios Ceramica e del brand collegato Elle Ceramica, con sede a Fiorano Modenese. Elios è il segmento artistico delle piastrelle di ceramica e sottolinea l'attenzione ai dettagli tipici dello stile artigianale.

On August 3rd 2017: 100% acquisition of Elios Ceramica and the connected Elle Ceramica, based in Fiorano Modenese. Elios is the artistic ceramic tile segment and highlights the attention to details typical of artisan style.

2017

Il 18 ottobre 2017 Italcer acquisisce il marchio di lusso per il bagno Devon & Devon, leader mondiale nell'arredamento per il bagno di lusso.
Devon & Devon esporta in oltre 80 paesi con una rete di negozi, distributori e negozi monomarca situati nelle più importanti capitali europee, USA, Russia, Medio Oriente, Cina e Austrialia.

On October 18th 2017 Italcer acquires luxury bathroom brand Devon&Devon, world leader in the luxury bathroom furnishing.
Devon&Devon exports to more than 80 countries with a network of botiques, retailers and flagship stores situated in the most important capital cities of Europe, USA, Russia, Middle East, China and Austrialia.

2018

Il 15 ottobre 2018 Italcer acquisisce il 100% di Ceramica Rondine, fondata nel 1961 nella zona tra Reggio Emilia e Modena, uno dei più fiorenti gruppi industriali del settore ceramico. Nuovi prodotti, tecnologie innovative, ricerca e sviluppo, qualità, design e rispetto per l'ambiente: sono questi i valori che hanno guidato Rondine attraverso questo primo mezzo secolo di storia.

Nel 2005 Rondine acquisisce l'azienda sassuolese, SprayDry, produttrice di atomizzato, che consente a ceramica Rondine e, successivamente, al GRUPPO ITALCER di compiere un importante salto di qualità realizzando in questo modo l'intero ciclo produttivo della piastrella.

On October 15th 2018 Italcer acquires 100% of Ceramica Rondine, founded in 1961 in the area between Reggio Emilia and Modena, one of the most flourishing industrial groups in the ceramic tile sector. New products, innovative technologies, resarch and development, quality, design and respect for the environment: these are the values that have guided Rondine through this first half century of history.

In 2005 Rondine acquired the company SpryDry, situated in Sassuolo (MO), specialized in the production of atomised powder for porcelain stoneware. In this way Ceramica Rondine, and lately Italcer Group, can guarantee the total product life cycle of the porcelain tile.

LE TAPPE

The stages.
Les étapes.
Die Etappen.

2018

ITALCER USA è stata fondata nel dicembre 2018. E' stata creata per servire il mercato Americano con delle linee dedicate di prodotto. Agli inizi del 2019 ha inaugurato un prestigioso show-room al Mart di Chicago.
Alla fine del 2019 la Compagnia Americana ha aperto delle sedi commerciali dedicate ai seguenti Stati: Florida, New York, Texas, Illinois, California and Canada.

ITALCER USA was founded in December 2018.
It was created and strictly dedicated with specific collections to the American market. In early 2019 Italcer USA Inc. launched its flagship showroom located at the MART in Chicago.
At the end of 2019 the American Company has opened other sales points in Florida, New York, Texas, Illinois, California and Canada.

2019

Nell'agosto del 2019 Bottega entra a far parte del gruppo Italcer. Si propone come alternativa di alta gamma nella produzione di pavimenti e rivestimenti ceramici in gres porcellanato.

La ricerca ed il gusto estetico unito alla cura del particolare fanno dei prodotti Bottega un'eccellenza nel settore della ceramica italiana.

In August 2019 Bottega becomes part of Italcer Group. It is proposed as a high-end alternative in the production of floors and walls ceramic porcelain stoneware. Research and aesthetic taste combined with attention to detail make Bottega products an excellence in the Italian ceramic sector.

2020

Nascono la nuova sede e la nuova sala mostra.

Sempre nel 2020 viene firmato un accordo tra il gruppo Italcer e Tonino Lamborghini con il quale La Fabbrica seguirà la produzione e la commercializzazione della nuova collezione Tonino Lamborghini Luxury Surfaces.

Viene anche presentata l'innovativa tecnologia Advance®, una ceramica eco-compatibie in gres porcellanato. Grazie alle sue proprietà antivirali, antibatteriche e fotocatalitiche, Advance® è capace di proteggere maggiormente gli ambienti che ci circondano rendendoli più salubri e riducendo significativamente l'inquinamento.

The new headquarters and the new showroom were opened.

An agreement was signed at the end of 2020 between the Italcer group and Tonino Lamborghini with which La Fabbrica will follow the production and marketing of the new Tonino Lamborghini Luxury Surfaces collection.

Moreover, we have also presented the innovative Advance® technology, an eco-friendly ceramic in porcelain stoneware. Thanks to its antiviral, antibacterial and photocatalytic properties, Advance® is able to protect the surrounding environment, making them healthier and reducing pollution significantly.

2021

Equipe Cerámicas SLU entra a far parte della Holding Italcer Group S.p.A. Attualmente l'azienda leader nel settore dei pavimenti e rivestimenti di piccolo formato. La forza di Equipe si basa su prodotti di design di alta qualità, che le consentono di essere un'azienda attuale, innovativa e sempre all'avanguardia.

Equipe Cerámicas SLU became part of Holding Italcer Group S.p.A. It's currently the leading company in the sector of small format floor and wall tiles.
Equipe additional value is based in a product with an excellent design and high quality, that makes Equipe a company adapted to the new changes and in a progressive pursue of improvement.

2022

A Ottobre 2022 Italcer completa il suo portafoglio prodotti, formati che vanno dal 10x10 cm al 160x320 cm, attraverso l'acquisizione di Ceramica Fondovalle, leader mondiale delle grandi lastre con sedi a Marano sul Panaro e Ubersetto.

In October 2022, Italcer has completed its product portfolio, formats ranging from 10x10 cm to 160x320 cm through the acquisition of Ceramica Fondovalle, a world leader in large slabs located in Marano sul Panaro and Ubersetto.

ITALCER PRIMA CLASSIFICATA AL SUSTAINABILITY AWARD DELLE 100 ECCELLENZE ITALIANE

Italcer wins
Sustainability Award
out of 100 top Italian companies

Italcer - l'hub del design nella ceramica Made in Italy – **si aggiudica la posizione di vertice tra le 100 eccellenze italiane al Sustainability Award 2022**, importante riconoscimento, giunto alla seconda edizione, riservato a quelle aziende italiane che si sono contraddistinte nell'affrontare le sfide odierne quali, a titolo esemplificativo, l'emergenza climatica, le mutate esigenze dei dipendenti ed in generale le richieste dei molteplici stakeholder, trasformandole in un'occasione per esprimere innovazione, lungimiranza ed attivare le energie migliori nel Paese.

"Essere riconosciuti – dichiara Graziano Verdi, CEO di Italcer Group – come l'azienda più virtuosa in termini di miglioramento della sostenibilità ci motiva ad andare avanti ancora con maggior forza nel percorso di governo responsabile dell'azienda che è uno dei fattori fondanti del nostro modello di business e della nostra competitività. Progettiamo i nostri prodotti in modo sostenibile – continua Verdi -, impiegando oltre il 50% di materie prime riciclate e siamo in grado oggi di recuperare il 99,6% degli scarti di produzione destinati ad attività di recupero. Italcer è, inoltre, la prima fabbrica nel comparto ad avere installato, nell'agosto 2021, una nuova pressa, dotata di soluzioni innovative per il circuito idraulico, al fine di ottimizzare e velocizzare ogni fase produttiva con il minor consumo di energia. E poi non dimentichiamo il cuore pulsante del nostro Gruppo, i nostri dipendenti".

Italcer – the Made in Italy ceramic design hub – **wins first place out of a shortlist of 100 Italian companies at the Sustainability Award 2022**, an important recognition now in its second year devoted to Italian-based companies that have excelled in tackling today's challenges – for example, climate change, changing employee needs, and the demands of multiple stakeholders – and in turning them into an opportunity to express innovation and far-sighted vision and to align to more positive energies for the country.

"Being recognised as the most virtuous example in terms of sustainability performance improvements drives us to keep going on this journey of responsible corporate governance with added strength, because this is one of the cornerstones of our business model and our competitiveness", said Graziano Verdi, CEO of Italcer Group, who added: "Our products are sustainably designed, using more than 50% recycled raw materials, and today we are able to recover 99.6% of the production waste intended for recovery activities. In August 2021, Italcer became the first factory in the sector to install a new press equipped with innovative solutions for the hydraulic circuit, in order to optimise and speed up every production phase with the lowest energy consumption. And let's not forget our employees, who are the beating heart of our Group".

Composition de 6 plaques à veines continues format 160x320 ép. 6 Mm disponible avec finition naturelle rectifiée ou rodée rectifiée.
Zusammenstellung aus 6 st. Platten mit durchgehender marmorierung, format 160x320, st. 6 Mm_126"x63" thk 6 mm verfügbar mit finish natur geschliffen oder geläppt geschliffen.

COMPOSIZIONE DI **6 LASTRE A VENA CONTINUA** FORMATO 120x280 **SP 6 MM**_48"x110" THK 6 MM
DISPONIBILE CON FINITURA **NATURALE RETTIFICATA** OPPURE **LAPPATA RETTIFICATA**

Composition with 6 continuous vein tiles size 120x280 sp 6 mm_48"x110" thk 6 mm available with natural rectified or lapped rectified finish.
Composition de 6 plaques à veines continues format 120x280 ép. 6 Mm disponible avec finition naturelle rectifiée ou rodée rectifiée.
Zusammenstellung aus 6 st. Platten mit durchgehender marmorierung, format 120x280, st. 6 Mm_48"x110" thk 6 mm verfügbar mit finish natur geschliffen oder geläppt geschliffen.

Le lestre sono fornite con le grafiche **random**. Possono essere fornite con **composizione a vena continua** con una maggiorazione nel prezzo e solo su richiesta esplicita del cliente.

The tiles are supplied with random graphics. They may be supplied with continuous vein effect at an additional charge and only if specifically requested by the customer.
Les plaques sont fournies avec graphiques aléatoires. Elles sont disponibles dans la composition à nervures continues avec une majoration sur le prix et seulement sur demande explicite du client.
Die platten werden mit zufälliger marmorierung geliefert. Sie können auf ausdrücklichen wunsch des kunden gegen aufpreis auch mit einer durchgehenden marmorierung geliefert werden.

Il disegno riprodotto è indicativo. La **grafica di chain** può mostrare discontinuità di vena nel passaggio da una lastra all'altra. Per questo motivo **differenze fino a 3 cm** devono essere considerate come caratteristica del prodotto.

The drawing is purely illustrative. The graphic design of chain may result in discontinuities in the veining between panels. Discontinuities of up to 3 cm are not defects, but are characteristic of the product.
Le dessin reproduit est indicatif. De même que le matériau naturel, le graphisme de chain peut présenter des marbrures discontinues d'une dalle à l'autre. Pour cette raison, les différences jusqu'à 3 cm doivent être considérées comme une caractéristique du produit.
Die wiedergegebene zeichnung ist eine musterzeichnung. Wie für das natürliche material kann auch die grafik von chain brüche der aderungen beim übergang von einer platte zur andern aufweisen. Aus diesem grund sind unterschiede bis zu 3 cm als charakteristik des produkts zu betrachten.

COMPOSIZIONE A **VENA CONTINUA**

Continuous vein effect. Composition à nervures continues. Durchgehender marmorierung

COMPOSIZIONE DI **5 LASTRE A VENA CONTINUA** FORMATO 160x320 **SP 6 MM**_63"x126" THK 6 MM
DISPONIBILE CON FINITURA **NATURALE RETTIFICATA** OPPURE **LAPPATA RETTIFICATA**

Composition with 5 continuous vein tiles size 160x320 thk 6 mm_63"x126" thk 6 mm available with natural rectified or lapped rectified finish.
Composition de 5 plaques à veines continues format 160x320 ép. 6 Mm disponible avec finition naturelle rectifiée ou rodée rectifiée.
Zusammenstellung aus 5 st. Platten mit durchgehender marmorierung, format 160x320, st. 6 Mm_126"x63" thk 6 mm verfügbar mit finish natur geschliffen oder geläppt geschliffen.

COMPOSIZIONE DI **5 LASTRE A VENA CONTINUA** FORMATO 120x280 **SP 6 MM**_48"x110" THK 6 MM
DISPONIBILE CON FINITURA **NATURALE RETTIFICATA** OPPURE **LAPPATA RETTIFICATA**

Composition with 5 continuous vein tiles size 120x280 sp 6 mm_48"x110" thk 6 mm available with natural rectified or lapped rectified finish.
Composition de 5 plaques à veines continues format 120x280 ép. 6 Mm disponible avec finition naturelle rectifiée ou rodée rectifiée.
Zusammenstellung aus 5 st. Platten mit durchgehender marmorierung, format 120x280, st. 6 Mm_48"x110" thk 6 mm verfügbar mit finish natur geschliffen oder geläppt geschliffen.

Le lestre sono fornite con le grafiche **random**. Possono essere fornite con **composizione a vena continua** con una maggiorazione nel prezzo e solo su richiesta esplicita del cliente.

The tiles are supplied with random graphics. They may be supplied with continuous vein effect at an additional charge and only if specifically requested by the customer.
Les plaques sont fournies avec graphiques aléatoires. Elles sont disponibles dans la composition à nervures continues avec une majoration sur le prix et seulement sur demande explicite du client.
Die platten werden mit zufälliger marmorierung geliefert. Sie können auf ausdrücklichen wunsch des kunden gegen aufpreis auch mit einer durchgehenden marmorierung geliefert werden.

Il disegno riprodotto è indicativo. La **grafica di chain** può mostrare discontinuità di vena nel passaggio da una lastra all'altra. Per questo motivo **differenze fino a 3 cm** devono essere considerate come caratteristica del prodotto.

The drawing is purely illustrative. The graphic design of chain may result in discontinuities in the veining between panels. Discontinuities of up to 3 cm are not defects, but are characteristic of the product.
Le dessin reproduit est indicatif. De même que le matériau naturel, le graphisme de chain peut présenter des marbrures discontinues d'une dalle à l'autre. Pour cette raison, les différences jusqu'à 3 cm doivent être considérées comme une caractéristique du produit.
Die wiedergegebene zeichnung ist eine musterzeichnung. Wie für das natürliche material kann auch die grafik von chain brüche der aderungen beim übergang von einer platte zur andern aufweisen. Aus diesem grund sind unterschiede bis zu 3 cm als charakteristik des produkts zu betrachten.

ATTENZIONE: Per particolari installazioni potrebbero essere necessari articoli ed accessori specifici non presenti in questo catalogo. Per queste esigenze prego riferirsi direttamente al referente commerciale La Fabbrica.
N.B. Particular items and accessories not listed in this catalogue may be required for certain laying methods. For these needs, please contact the La Fabbrica sale sales directly.
ATTENTION : Pour les installations particulières, certains articles et accessoires particuliers qui ne sont pas indiqués dans ce catalogue pourraient être nécessaires. Dans ces cas-là, nous vous prions de vous référer directement à la référence commerciale La Fabbrica.
ACHTUNG: Für besondere Installationen können besondere Artikel oder Sonderzubehör notwendig sein, die nicht im vorliegenden Katalog aufgeführt sind. Wenden Sie sich bitte in diesen Fällen direkt an den Vertrieb von La Fabbrica.

Tra i fondi di spessore 8,8 e 20 mm non si garantisce l'abbinabilità.
We cannot guarantee tonal matches between the same background tiles with different thickness (8,8 or 20 mm).
Les assortiments des tons ne sont pas garantis pour les fonds d'une épaisseur de 8,8 et 20 mm.
Bei Bodenfliesen mit einer Stärke von 8,8 und 20 mm wird keine Einheitlichkeit der Farbtöne garantiert.

Per il gradino non si garantisce la stessa tonalità del fondo.
We cannot guarantee that the shade of the stair tile will be the same as the background tile.
Pour la marche, nous ne garantissons pas la même tonalité du fond.
Für die Stufe wird nicht der gleiche Farbton der Grundfliese garantiert.

NOTE GENERALI

GENERAL NOTES. NOTES GÉNÉRALES. ALLGEMEINEN BEMERKUNGEN

INDICAZIONI GENERALI
Le lastre della collezione IMAGINE sono destinate esclusivamente al rivestimento di pareti di ambienti interni. È necessario prestare dunque la massima attenzione durante la movimentazione delle lastre evitando di urtare o strisciare utensili ed oggetti duri e appuntiti sulla loro superficie. Nella fase di sollevamento, tenere separate le lastre con il foglio protettivo per evitare di sfregare le superfici fra di loro.

DECORI CON VETRO E GRANIGLIE
Materiale di pregiata fattura ceramica con caratteristica presenza di craquelé. Le decorazioni mediante l'applicazione artigianale dei vetri e delle graniglie vetrose sulle piastrelle ceramiche possono presentare delle irregolarità nella loro distribuzione in superficie. Questo non pregiudica l'effetto estetico del prodotto ma anzi ne esalta le caratteristiche.

DECORI CON ORO E LUSTRO
Decori con oro-platino-lustro-metallizzato e graniglia Shine. La graniglia Shine conferisce una brillantezza zuccherina a basso spessore. I decori realizzati con smalti, contenenti percentuali di oro puro, con il tempo possono perdere la loro brillantezza assumendo una colorazione tipica dell'oro antico. L'applicazione di pregiati lustri metallizzati donano alla piastrella diversi toni di colore conferendo al prodotto accentuati riflessi madreperlacei ed una maggiore incisività nei colori.

ISTRUZIONI PER LA POSA
Prima di iniziare l'operazione di posa accertarsi che la lastra sia posizionata sul lato corretto e che il disegno sia allineato alla grafica delle lastre adiacenti. Spalmare la colla sulle pareti da rivestire utilizzando una spatola dentata di almeno 6mm. Dal momento che si trattano di rivestimenti di pareti interne, non è necessaria l'applicazione della colla sul retro della lastra. Sono idonei alla posa gli adesivi di classe C251. Per un miglior risultato estetico, si consiglia di distanziare le lastre con una fuga da 1mm. Utilizzare, invece, una spatola gommata per battere le lastre al fine di allinearle fra di loro.
Non impiegare stucchi epossidici ma sigillare le fughe solo con stucchi cementizi, proteggendo preventivamente la superficie della piastrella con scotch di carta. Non usare sistemi meccanici livellanti poiché la loro rimozione potrebbe danneggiare la superficie del decoro.

ISTRUZIONI PER PULIZIA
Non utilizzare spugne abrasive ma ripulire immediatamente, con delicatezza, eventuali residui di stucco con un panno utilizzando acqua o detergenti neutri comuni in commercio. Per lo sporco ostinato utilizzare un qualunque detergente sgrassante purché non sia di alto livello alcalino. Non impiegare nel modo più assoluto alcool, acetone, solventi, candeggina, ammoniaca e prodotti alcalini, acidi di forte intensità o materiali abrasivi.

Non attenendosi a queste norme, la Fabbrica S.p.A. non risponde di eventuali danni arrecati al prodotto in fase di contestazione.

GENERAL INDICATIONS
Slabs from the IMAGINE collection are intended exclusively for indoor wall tiling. The decorations of this product are poorly scratch resistant. Therefore, care must be taken when handling the slabs to avoid impacting or dragging tools and hard, sharp objects on their surface. While lifting, keep the slabs separated with the protective sheet to avoid rubbing the surfaces together.

DECORATIONS WITH GLASS AND GRITS
High-quality handicraft ceramic material, featured by the crazing effect. Decorations by the artisanal application of glass and vitreous grit on ceramic tiles may feature irregularities in their surface distribution. This does not affect the aspect of the product, rather enhances its characteristics.

DECORATIONS WITH GOLD AND LUSTRE
Decorations with gold-platinum-lustre-metallic and Shine grit. Shine grit gives a low-thickness shiny white gloss. Decorations made with glazes featured by small percentage of pure gold can lose brilliancy in time, getting the peculiar colour of old gold. The application of precious metallic lustres gives the tile different colour shades, for a product with bright mother-of-pearl reflections and greater colour incisiveness.

INSTALLATION INSTRUCTIONS
Before starting installation, make sure that the slab is positioned on the correct side and that the pattern is aligned with the graphics of the adjacent slabs. Spread the adhesive on the walls to be tiled using a notched trowel of at least 6 mm. As an interior wall coating, no slab back buttering is needed. Class C251 adhesives are suitable for installation.
For a better aesthetic result, we recommend spacing the slabs with a 1-mm joint. Instead, use a rubber trowel to beat the slabs to align them reciprocally. Do not use epoxy grouts, rather seal joints with cementitious grouts only, protecting the tile surface beforehand with a paper masking tape. Do not use mechanical levelling systems as their removal may damage the surface of the decoration.

CLEANING INSTRUCTIONS
Do not use abrasive sponges, rather immediately and gently wipe away any grout residue with a cloth using water or commercially available neutral detergents. For stubborn dirt, use any degreasing detergent as long as it is not highly alkaline. Never use alcohol, acetone, solvents, bleach, ammonia and alkaline products, strong acids or abrasive materials.

Should these rules not be followed, Fabbrica S.p.A. is not liable for any damage caused to the product claimed.

INDICATIONS GÉNÉRALES
Les dalles des collections IMAGINE sont exclusivement destinées au revêtement mural d'espaces intérieurs. Les décorations de ce produit n'offrent pas une bonne résistance aux rayures. Il est donc nécessaire de faire très attention lors de la manipulation des dalles en évitant de les heurter ou de traîner des ustensiles et des objets durs et pointus sur leur surface. Au moment du levage, séparer les dalles avec la feuille de protection afin d'éviter de frotter les surfaces entre elles.

DÉCORATIONS AVEC DU VERRE ET DE LA GRENAILLE
Matériau céramique haut de gamme caractérisé par la présence de craquelures.Les décorations par application artisanale sur le carrelage de verre et de grenaille en verre peuvent présenter des irrégularités de répartition sur la surface. Cela ne réduit pas l'effet esthétique du produit et, au contraire, met en valeur ses caractéristiques.

DÉCORATIONS DORÉES ET LUSTRÉES
Décorations avec or-platine-lustre-métallisées et grenaille Shine. La grenaille Shine apporte une brillance liquoreuse dans une faible épaisseur. Les décorations réalisées avec des émaux, qui contiennent un certain pourcentage d'or pur, peuvent se ternir au fil du temps et prendre une coloration typique d'or patiné. L'application de lustres métallisés de très grande qualité donne au carrelage plusieurs teintes qui confèrent au produit des reflets nacrés accentués et des couleurs plus prononcées.

INSTRUCTIONS POUR LA POSE
Avant de commencer la pose, s'assurer que la dalle soit positionnée du bon côté et que le dessin soit aligné avec le dessin des dalles adjacentes. Étaler la colle sur les murs en utilisant une spatule dentée d'au moins 6 mm. S'agissant de murs d'espaces intérieurs, il n'est pas nécessaire d'appliquer la colle au dos de la dalle. Les colles de classe C251 conviennent pour la pose. Pour un meilleur résultat esthétique, il est conseillé de laisser un joint de 1 mm entre les dalles.En revanche, utiliser une spatule en caoutchouc pour taper délicatement sur les dalles afin de les aligner. Ne pas utiliser de mortiers époxy mais réaliser les joints avec des mortiers pour joints à base de ciment. Ne pas utiliser de systèmes de nivellement mécaniques car leur retrait pourrait endommager la surface de la décoration.

INSTRUCTIONS POUR LE NETTOYAGE
Ne pas utiliser d'éponges abrasives mais retirer immédiatement, et délicatement, les éventuels résidus de mortier avec un chiffon et de l'eau ou des détergents neutres disponibles dans le commerce. Pour les taches tenaces, utiliser un détergent dégraissant d'usage courant à condition qu'il soit hautement alcalin. Ne jamais utiliser d'alcool, d'acétone, de solvants, d'eau de Javel, d'ammoniac ni de produits alcalins, d'acides puissants ni de matériaux abrasifs.

En cas de non-respect de ces règles, la Fabbrica S.p.A. ne peut être tenue pour responsable des éventuels dommages sur les produits en cas de contestation.

ALLGEMEINES
Die Platten der Kollektionen IMAGINE sind ausschließlich als Wandbelag im Innenbereich bestimmt. Die Dekors dieses Produkts sind nicht besonders kratzfest. Daher muss bei der Handhabung der Platten darauf geachtet werden, dass Werkzeuge und harte, scharfe Gegenstände nicht an der Oberfläche anstoßen oder schaben. Halten Sie die Platten beim Anheben mit der Schutzfolie getrennt, um ein Aneinanderreiben der Oberflächen zu vermeiden.

DEKORE MIT GLAS- UND FESTTEILCHEN
Hochwertiges Keramikmaterial mit besonderer Craquelé-Optik. Dekorationen durch das handwerkliche Aufbringen von Glas und Glassplitt auf Keramikfliesen können Unregelmäßigkeiten in ihrer Oberflächenverteilung aufweisen. Es handelt sich dabei keinesfalls um eine Beeinträchtigung der ästhetischen Wirkung des Produkts, sondern vielmehr um eine Besonderheit.

DEKORE MIT GOLD UND GLITTER
Dekore mit Gold-, Platin-, Glitter-, Metallic- und Shine-Einschlüssen. Die körnigen Shine-Einschlüsse verleihen der Produkt eine samtige Brillanz mit geringer Stärke. Glasurdekore, die einen Anteil an reinem Gold enthalten, können mit der Zeit ihren Glanz verlieren und eine antike Goldfarbe annehmen. Die Applikation von kostbarem Metallic-Glittermaterial verleiht der Fliese verschiedene Farbtöne mit mutterperligem Schimmer und einer Verstärkung der Farben.

VERLEGEHINWEISE
Bevor man mit der Verlegung beginnt immer sicherstellen, dass die Platte auf der richtigen Seite liegt und dass das Muster mit den Grafiken der angrenzenden Platten übereinstimmt. Den Klebstoff mit einer mindestens 6 mm Zahnspachtel auf den zu verlegenden Wänden auftragen.
Da es sich um Wandbeläge im Innenbereich handelt, muss kein Kleber auf die Rückseite der Platte aufgetragen werden. Für die Verlegung eignen sich die Klebstoffe der Klasse C251. Für die optisch ansprechendste Verlegung dieser Platte wird eine Fugenbreite von 1 mm empfohlen. Für die richtige Ausrichtung der Platten, diese mit einer Gummispatel abklopfen. Keine Epoxid-, sondern Zementfugenmasse benutzen.
Keine mechanischen Nivelliersysteme verwenden, da bei deren Entfernung die Oberfläche des Dekors beschädigt werden könnte.

REINIGUNGSHINWEISE
Keine Scheuerschwämme benutzen, sondern Fugenmassenrückstände sofort mit einem Tuch und Wasser oder handelsüblichen Neutralreinigern vorsichtig entfernen. Für hartnäckige Verschmutzungen eignen sich herkömmliche fettlösende Reinigungsmittel, unter der Bedingung, dass sie nicht stark alkalisch sind. Niemals Alkohol, Aceton, Lösungsmittel, Bleichmittel, Ammoniak und alkalische Produkte, starke Säuren oder Scheuermittel verwenden

Bei Nichteinhaltung dieser Regeln haftet Fabbrica S.p.A. nicht für beanstandete Produktschäden.

DIE KERAMIK, DIE DEN CORONAVIRUS UND BAKTERIEN BEKÄMPFT*.

ADVANCE® è una ceramica da pavimento e rivestimento eco-compatibile in gres porcellanato, realizzata in primo ed unico fuoco, ad oltre 1200 gradi di cottura e con il 40% di materie prime riciclate, adatta sia per soluzioni residenziali che non residenziali.
L'innovativa tecnologia ADVANCE® grazie alle sue **proprietà antivirali, antibatteriche e fotocatalitiche** è capace di proteggere maggiormente gli ambienti che ci circondano rendendoli più salubri e riducendo significativamente l'inquinamento.

** Dopo 6 ore di esposizione alla luce, ADVANCE® è in grado di eliminare il 100% dei coronavirus e già dopo 15 min. il 90%.*
Dopo 8 ore di esposizione alla luce, combatte le diverse tipologie di batteri da un minimo del 95% fino al 100%.
I risultati dei test di laboratorio effettuati su ADVANCE® sono disponibili sul sito ***www.advanceceramic.it***

ADVANCE® porcelain floor and wall tiles can be used for residential and non-residential solutions. They are made of eco-friendly and single-fired (over 1,200 degrees) porcelain stoneware and of 40% recycled raw materials.
Thanks to its **antiviral, antibacterial and photocatalytic properties**, the innovative ADVANCE® technology is able to improve protection in the environment around us, making it healthier and reducing significantly pollution.

**After 6 hours of light exposure, ADVANCE® is able to eliminate 100% of coronaviruses and just after 15 minutes it will eliminate 90% of them.*
After 8 hours of light exposure, it fights against different types of bacteria, from a minimum of 95% up to 100%.
The results of the laboratory tests carried out on ADVANCE® are available on our website ***www.advanceceramic.it/en.***

ADVANCE® est une céramique pour sol et mur engrès cérame respectueuse de l'environnement, réalisée en première et unique cuisson cuit à plus de 1200 degrés et composée à 40 % de matières premières recyclées. Elle s'adapte aussi bien aux espaces résidentiels qu'aux autres espaces.
Ses **propriétés antivirales, antibactériennes et photocatalytiques** permettent à la technologie innovante ADVANCE® de mieux protéger les espaces qui nous entourent en les assainissant et en réduisant la pollution de manière significative.

** Après 6 heures d'exposition à la lumière, ADVANCE® supprime 100% des coronavirus, et après 15 minutes seulement l'efficacité est déjà de 90%. Après 8 heures d'exposition à la lumière, il élimine différents types de bactéries, avec des résultats à minima de 95% et jusqu'à 100%.*
Les résultats des test de laboratoire menés sur ADVANCE® sont disponibles sur notre site ***www.advanceceramic.it/fr***

ADVANCE® steht für umweltfreundliche Bodenbeläge und Wandverkleidungen aus Feinsteinzeug. Dieses Feinsteinzeug wird im Einbrandverfahren bei einer Brenntemperatur von über 1200 Grad hergestellt.
ADVANCE® besteht für 40% aus recycleten Materialien undes ist sowohl für den Wohnbereich als auch für gewerbliche Anwendungen geeignet.
Die innovative Technologie von ADVANCE® istdank ihrer **antiviralen, antibakteriellen und photokatalytischen Eigenschaften** in der Lage, unsere Umgebung gesünder zu machen und die Schadstoffbelastung erheblich zu reduzieren.

* Unter Belichtung kann ADVANCE® bereits nach 15 Minuten 90% der Coronaviren beseitigen und schon nach sechsstündiger Belichtung 100%. Nach einer achtstündigen Belichtung bekämpft ADVANCE® die unterschiedlichen Typen von Bakterien um mindestens 95% bis zu 100%. Die mit ADVANCE® geführten Labortests sind auf derInternetseite ***www.advanceceramic.it/de*** einsehbar.

ANTI VIRAL
ANTI BACTERIAL
ANTI POLLUTION

ADVANCE®
antibacterial & bio-air purifying

FUTURO, NATURA, SCIENZA

FUTURE, NATURE, SCIENCE.
FUTURE, NATURE, SCIENCE.
ZUKUNFT, NATUR, WISSENSCHAFT.

L'IMPEGNO E L'ATTENZIONE VERSO L'AMBIENTE E IL SOCIALE DEL GRUPPO ITALCER HANNO PORTATO ALLA NASCITA DI ADVANCE®. UN NUOVO PROGETTO CHE RAPPRESENTA LA VOLONTÀ DI PROIETTARSI VERSO IL FUTURO TRAMITE UNA CERAMICA INNOVATIVA, REALIZZATA IN PRIMO FUOCO, CON PROPRIETÀ ANTIVIRALI, ANTIBATTERICHE E FOTOCATALITICHE, CAPACI DI SALVAGUARDARE LA SALUTE E RIDURRE L'INQUINAMENTO.

La nostra prima fonte di ispirazione è il FUTURO, poiché abbiamo il sogno di un mondo in cui le nuove generazioni possano utilizzare materiali sempre più sostenibili, che aiutino il benessere del pianeta, riducendo la possibilità di contaminazioni da microrganismi e l'utilizzo di detergenti chimici dannosi per l'ambiente. Utilizziamo principalmente SnO2 (biossido di stagno) e TiO2 (biossido di titanio) biomimetici, ossia ottenuti tramite processi in cui vengono replicati i meccanismi della NATURA. La sintesi avviene in primo fuoco, attraverso un'innovativa tecnica produttiva, frutto di una rivoluzionaria ricerca nel campo della SCIENZA dei materiali.

ADVANCE® HAS BEEN CREATED THANKS TO ITALCER'S CARE AND ATTENTION FOR THE ENVIRONMENT AND THE COMMUNITY.
A NEW PROJECT WHICH REPRESENTS OUR DESIRE TO FOCUS ON THE FUTURE THANKS TO AN INNOVATIVE SINGLE-FIRED PORCELAIN TILE, WITH ANTIVIRAL, ANTIBACTERIAL AND PHOTOCATALYTIC PROPERTIES, ABLE TO SAFEGUARD HEALTH AND REDUCE POLLUTION.

Our first source of inspiration is the FUTURE. We dream of a world in which the new generations can use increasingly sustainable materials that help the well-being of the planet, reducing the possibility of microbial contamination and environmentally harmful chemical detergents.
We mainly use SnO2 (tin oxide) and TiO2 (titanium dioxide) that are biomimetic, i.e. obtained through processes that replicate those found in NATURE. Synthesis takes place during the single firing process via an innovative production technique stemming from a revolutionary research study in the field of materials SCIENCE.

L'ENGAGEMENT DU GROUPE ITALCER ET L'ATTENTION QU'IL PORTE À L'ENVIRONNEMENT ET AU SECTEUR SOCIAL ONT MENÉ À LA CRÉATION D'ADVANCE®. UN NOUVEAU PROJET QUI REPRÉSENTE L'ENVIE DE SE TOURNER VERS LE FUTUR AU MOYEN D'UNE CÉRAMIQUE INNOVANTE, RÉALISÉE EN PREMIÈRE CUISSON, ET DOTÉE DE PROPRIÉTÉS ANTIVIRALES, ANTIBACTÉRIENNES ET PHOTOCATALYTIQUES CAPABLES DE PRÉSERVER LA SANTÉ ET DE RÉDUIRE LA POLLUTION.

Notre première source d'inspiration est le FUTUR, car nous rêvons d'un monde où les jeunes générations pourront utiliser des matériaux toujours plus durables et respectueux de la planète, réduisant ainsi les risques de contamination par des microorganismes ainsi que l'utilisation de produits chimiques nocifs pour l'environnement.
Nous utilisons principalement du SnO2 (dioxyde d'étain) et du TiO2 (dioxyde de titane) biomimétiques, c'est-à-dire obtenus à travers des procédés reproduisant les processus NATURELS.
La synthèse s'effectue lors de la première cuisson grâce à une technique de production innovante, résultat d'une recherche révolutionnaire en SCIENCE des matériaux.

AUS DEM ENGAGEMENT DER ITALCER-GRUPPE UND IHRER RÜCKSICHTNAHME AUF DIE UMWELT UND DEN SOZIALEN BEREICH IST ADVANCE® ENTSTANDEN.
DIESES NEUE PROJEKT SPIEGELT AUCH IHREN WILLEN WIDER, DER ZUKUNFT MIT EINER INNOVATIVEN, IM EINBRANDVERFAHREN HERGESTELLTEN KERAMIK ENTGEGENZUGEHEN: IHRE ANTIVIRALEN, ANTIBAKTERIELLEN UND PHOTOKATALYTISCHEN EIGENSCHAFTEN SIND IN DER LAGE, DIE GESUNDHEIT ZU SCHÜTZEN UND
DIE UMWELTVERSCHMUTZUNG ZU REDUZIEREN.

Unsere wichtigste Inspirationsquelle ist die ZUKUNFT, denn wir träumen von einer Welt, in der die kommenden Generationen immer nachhaltigere Materialien verwenden können, durch die es unserem Planeten besser geht, indem mögliche Kontaminationen durch Mikroorganismen und damit den Einsatz umweltschädlicher chemischer Reinigungsmittel reduziert werden.
Wir verwenden in erster Linie SnO2 (Zinndioxid) und TiO2 (Titandioxid) in biomimetischer Form: sie werden mit Prozessen gewonnen, in denen die Mechanismen der NATUR repliziert werden. Die Synthese erfolgt bereits im ersten Brennvorgang, anhand einer innovativen Produktionstechnik, die das Ergebnis einer revolutionären Forschungsarbeit im Bereich der WISSENSCHAFT der Materialien ist.

ADVANCE®
antibacterial & bio-air purifying

PROPRIETÀ

PROPERTIES.
PROPRIÉTÉS.
EINGENSCHAFTEN.

La particolare composizione di questo gres permette di **abbattere virus e batteri** quando vengono **a contatto con la superficie ceramica**. ADVANCE® può essere utilizzata come ceramica per pavimentazioni e rivestimenti di pareti ed ha caratteristiche antimicrobiche e fotocatalitiche ottenute in primo fuoco.
Tali caratteristiche, che rendono questo gres di ultima generazione, sono incorporate nella prima fase di creazione della ceramica (cotta in primo fuoco ad oltre 1200°C) diventando così proprietà intrinseche del prodotto stesso, conferendo una protezione contro virus e batteri per tutto il ciclo di vita della piastrella, senza che venga alterato nel tempo o da agenti esterni.
Non essendo uno strato superficiale della ceramica, ma incorporato nella stessa, questa proprietà rimarrà integra nel tempo.
Le proprietà antivirali e antibatteriche vengono esaltate da ogni condizione di luminosità, solare e artificiale, ma come dimostrano i Test di laboratori di primaria importanza, tali proprietà restano attive anche in assenza di luce.

** Alle condizioni di cui alla tabella e ai risultati dei test che seguono.*

The special composition of this stoneware means that viruses and bacteria are destroyed if they come into contact with the tile surface.

ADVANCE® can be used to tile floors and walls and it features antimicrobial and photocatalytic properties achieved after a single firing.
These specifications, that qualify this stoneware as the latest generation of porcelain tile, are incorporated during the initial creation phase (a single firing at over 1200°C), thus becoming intrinsic properties of the product, providing protection against viruses and bacteria for the entire lifetime of the tile, without alterations caused by time or external agents. Because it doesn't consist in a topper on the surface of the porcelain tile, but it is an integral part of it, this property will continue to last through time.

The antiviral and antibacterial properties are enhanced by any solar and artificial light conditions, but as shown by tests made by laboratories of primary importance, these properties remain active even in dark conditions.

** Under the conditions specified in the table and the test results below.*

La composition particulière de ce grès permet d'éliminer les virus et les bactéries dès que ceux-ci entrent en contact avec la surface en céramique.

ADVANCE® peut être utilisée en tant que céramique murale et de sol et présente des caractéristiques antimicrobiennes et photocatalytiques obtenues en première cuisson.

Ces caractéristiques, qui font de ce grès un matériau de dernière génération, sont intégrées lors de la première phase de création de la céramique (cuite en première cuisson à plus de 1200 degrés), devenant ainsi des propriétés intrinsèques au produit. Elles protègent contre les virus et les bactéries durant tout le cycle de vie du carreau, sans être altérées par le temps ou par des agents extérieurs.
Étant donné que cette propriété est directement intégrée dans la céramique et qu'elle n'est pas uniquement présente en couche superficielle sur cette dernière, elle demeure intacte au fil du temps.

Les propriétés antivirales et antibactériennes sont renforcées en présence de luminosité, qu'elle soit solaire ou artificielle. Néanmoins, comme le prouvent les tests de laboratoires renommés, ces propriétés restent actives même en absence de lumière.

** Sous réserve des conditions énoncées dans le tableau et des résultats des tests suivants.*

Die besondere Zusammensetzung dieses Feinsteinzeugs ermöglicht es, Viren und Bakterien abzutöten, die mit der Keramikoberfläche in Kontakt kommen.

ADVANCE® kann sowohl für Bodenbeläge als auch für Wandverkleidungen aus Keramik verwendet werden, und besitzt im Einbrandverfahren erzielte, antimikrobielle und photokatalytische Eigenschaften.
Die Merkmale, die dieses Feinsteinzeug zu einem Produkt der neuesten Generation machen, werden während der ersten Herstellungsphase in die Keramik integriert (Einbrandverfahren bei über 1200°C). So werden sie zu natürlichen Produkteigenschaften, die die Fliesen während ihrer gesamten Lebensdauer gegen Viren und Bakterien schützen, ohne dass sie im Laufe der Zeit oder durch externe Faktoren beeinflusst werden. Da es sich nicht um eine Oberflächenschicht sondern um eine in die Keramik integrierte Eigenschaft handelt, bleibt diese auch langfristig unversehrt bestehen.

Die antiviralen und antibakteriellen Eigenschaften werden durch jede Art von Licht – sowohl Sonnenals auch Kunstlicht – verstärkt, doch wie Tests renommierter Labors bestätigen, bleiben diese Eigenschaften auch ohne Lichteinfall aktiv.

** Bei den in der Tabelle angegebenen Bedingungen und mit den nachfolgenden Testergebnissen.*

UNI 11484
ATTESTED BY THE UNIVERSITY OF TURIN
DEPARTEMENT OF CHEMISTRY

20,7% di NOx

CONVERTE LE SOSTANZE INQUINANTI VOLATILI IN SOSTANZE INNOCUE.

Le proprietà antinquinanti del gres **ADVANCE®** migliorano anche la qualità dell'aria che respiriamo. La produzione industriale, l'utilizzo di impianti di climatizzazione e dei mezzi di trasporto, emettono nell'aria sostanze inquinanti.
ADVANCE® applicata in esterno, nelle pavimentazioni Outdoor, sulle facciate di abitazioni e palazzi, **riesce a diminuire le molecole di NOx** (Ossidi di Azoto) **del 20,7%** (come attestato dall'Università di Torino) in sole tre ore, permettendo di migliorare notevolmente la qualità dell'aria grazie all'azione fotocatalitica che si attiva alla luce naturale.
Ogni soluzione outdoor progettata con ADVANCE® **contribuisce a migliorare l'ambiente che ci circonda**. Una tecnologia sicura per la nostra salute e una scelta sostenibile e attenta all'ambiente, in quanto realizzata in un'unica cottura ad altissima temperaura, senza perciò la necessità di ulteriori trattamenti e relativi impatti sull'ambiente.

CONVERTS VOLATILE POLLUTANTS INTO HARMLESS SUBSTANCES.

The anti-pollution properties of **ADVANCE®** stoneware also improve the quality of the air we breathe. Industrial production, the use of air conditioning systems and vehicles emit pollutants into the atmosphere. ADVANCE® used outdoors on the façades of buildings and apartment blocks, **reduces NOx** (nitrogen oxide) **molecules by 20.7%** (as attested by the University of Turin) in just three hours, considerably improving air quality thanks to the photocatalytic action activated by natural light.
Each outdoor solution designed using ADVANCE® contributes towards **improving the environment around us.**
The technology is not only safe for our health, but it is also a sustainable choice that takes care of the environment thanks to the single firing at a very high temperature, and because no further treatments are required and it has no further impact on the environment.

TRANSFORME LES POLLUANTS VOLATILS EN SUBSTANCES INOFFENSIVES.

Les propriétés antipollution du grès **ADVANCE®** améliorent également la qualité de l'air que nous respirons. La production industrielle, l'usage de systèmes de climatisation et l'utilisation des moyens de transport émettent des polluants atmosphériques. La technologie ADVANCE®, appliquée sur les façades extérieures des habitations et des bâtiments, permet de **réduire la concentration de molécules de NOx** (oxydes d'azote) **de 20,7%** (comme l'a confirmé l'Université de Turin) en seulement trois heures, ce qui permet d'améliorer de façon considérable la qualité de l'air grâce à l'action photocatalytique qui s'active à la lumière naturelle.
Les espaces extérieurs conçus avec ADVANCE® permettent **d'améliorer l'environnement qui nous entoure.** En plus d'être sûre pour notre santé, la technologie représente également un choix durable et respectueux de l'environnement étant donné qu'elle est réalisée lors d'une cuisson unique à très haute température et qu'elle ne nécessite pas de traitements ultérieurs : elle n'engendre donc pas d'impacts supplémentaires sur l'environnement.

FLÜCHTIGE SCHADSTOFFE WERDEN IN UNBEDENKLICHE STOFFE UMGEWANDELT.

Die schadstoffmindernden Eigenschaften des Feinsteinzeugs **ADVANCE®** verbessern auch die Qualität unserer Atemluft. Die industrielle Produktion, der Einsatz von Klimaanlagen und die Transportmittel tragen zum Ausstoß von Schadstoffen in die Luft bei.
Durch die Verwendung von ADVANCE® in Außenbereichen, an den Fassaden von Wohnungen und Gebäuden, **können die NOx-Moleküle** (Stickstoffoxid) in nur drei Stunden **um 20,7% reduziert werden** (laut Bescheinigung der Universität Turin). Durch die von natürlichem Licht aktivierte photokatalytische Wirkung kann die Qualität der Luft so beachtlich verbessert werden. Alle mit ADVANCE® realisierten Outdoor-Lösungen **tragen zu einer Verbesserung unserer Umwelt bei.** Diese Technologie ist nicht nur sicher für unsere Gesundheit, sondern auch eine nachhaltige und umweltfreundliche Entscheidung, da sie einen einzigen Brennvorgang bei extrem hohen Temperaturen vorsieht, ohne Notwendigkeit nachfolgender Behandlungen und damit ohne weitere Umweltauswirkungen.

4

COMBATTE LO SPORCO

COMBATS DIRT.
COMBAT LA SALETÉ.
BEKÄMPFT SCHMUTZ.

RIDUCE LA NECESSITÀ DI DETERGENTI CHIMICI.
Lo sporco si disgrega sulle superfici ceramiche ADVANCE® e ciò permette di mantenere puliti i pavimenti e i rivestimenti tramite il solo utilizzo di acqua e sapone neutro.
Per i pavimenti esterni lo scorrere dell'acqua piovana è sufficiente per garantirne la pulizia.

REDUCES THE NEED TO USE CHEMICAL DETERGENTS.
Dirt disintegrates on the surface of ADVANCE® tiles, floors and walls can be kept clean by just washing with a neutral soap and water. For outdoor floors, the flow of rainwater is enough to guarantee cleanliness.

RÉDUIT LE RECOURS AUX DÉTERGENTS CHIMIQUES.
La saleté se décompose sur les surfaces en céramique ADVANCE®, ce qui permet de conserver un sol et des murs propres en les lavant uniquement à l'eau et au savon doux. Pour les sols extérieurs, l'écoulement de l'eau de pluie suffit à garantir une propreté optimale.

REDUZIERT DEN EINSATZ CHEMISCHER REINIGUNGSMITTEL.
Der Schmutz zersetzt sich auf den Keramikoberflächen von ADVANCE®. So können Bodenbeläge und Wandverkleidungen einfach mit Wasser und einem neutralen Reinigungsmittel sauber gehalten werden. Bei Bodenbelägen im Außenbereich garantiert bereits das Abfließen von Regenwasser eine ausreichende Reinigung.

5

COMBATTE I CATTIVI ODORI

MITIGATES BAD ODOURS.
RÉDUIT LES MAUVAISES ODEURS.
HEMMT ÜBLE GERÜCHE.

TRASFORMA LE MOLECOLE ORGANICHE RIDUCENDO I CATTIVI ODORI.
Come per gli NOx, le molecole fonti di cattivi odori si decompongono non appena entrano in contatto con la superficie, attenuandone così l'effetto odorigeno.

REDUCES BAD ODOURS BY CONVERTING THE ORGANIC MOLECULES.
Furthermore, as for NOx molecules, the molecules that cause bad odours decompose as soon as they come into contact with the surface, thus mitigating any malodorous effect.

TRANSFORME LES COMPOSÉS ORGANIQUES ET RÉDUIT LES MAUVAISES ODEURS.
Comme pour les NOx, les composés à l'origine des mauvaises odeurs se décomposent dès qu'ils entrent en contact avec la surface, réduisant ainsi les mauvaises odeurs.

VERWANDELT ORGANISCHE MOLEKÜLE UND REDUZIERT SO ÜBLE GERÜCHE.
Ebenso wie die NOx-Moleküle zersetzen sich auch die für üble Gerüche verantwortlichen Moleküle, sobald sie mit der Oberfläche in Kontakt kommen und hemmen somit die Geruchsbildung.

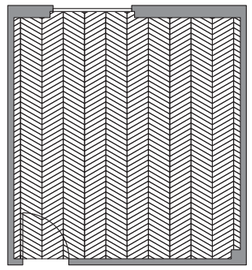
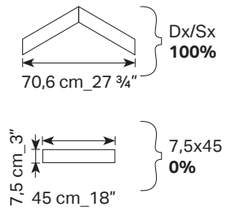
POSA **CHEVRON SEMPLICE**

Basic chevron design
Pose en chevron simple
Einfache chevron-verlegung



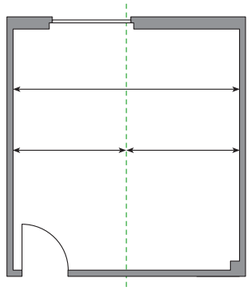


1 Misurare con precisione la larghezza dell'ambiente e tracciare una linea in corrispondenza della mezzeria, come illustrato.

Carefully measure the width of the room and draw the centre line, as shown.

Mesurer la largeur de la pièce avec précision et tracer une ligne au centre d'après l'illustration.

Messen Sie genau die Breite des Raumes und markieren Sie, wie gezeigt, die Mittellinie.

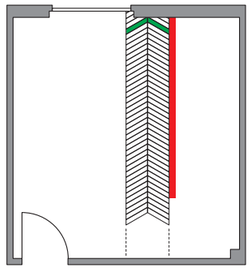


2 Posare il primo Chevron come illustrato. Utilizzare una staggia adeguatamente posizionata come guida. Proseguire la posa fino a terminare la sezione lasciando uno spazio libero per la via d'uscita.

Lay the first chevron as illustrated. Place a levelling bar in position and use as a guide.
Keep on laying until you reach the end of the section, leaving room to leave through.

Poser le premier Chevron d'après l'illustration. Utiliser une règle correctement positionnée servant de guide.
Poursuivre la pose jusqu'à ce que la section soit terminée en laissant un espace libre pour pouvoir sortir.

Verlegen Sie, wie gezeigt, das erste Chevron. Verwenden Sie ein angemessen positioniertes Zieheisen als Führung.
Setzen Sie die Verlegung bis zum Ende des Abschnitts fort und lassen Sie einen Freiraum als Ausgang.



Inizio posa Chevron .

POSA **CHEVRON CON TAPPETO**

Chevron design with rug effect
Pose en chevron avec tapis
Chevron-verlegung mit teppich

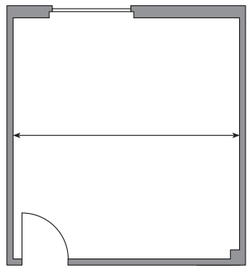
1

Misurare con precisione la larghezza dell'ambiente come illustrato

Carefully measure the width of the room, as shown.

Mesurer la largeur de la pièce avec précision d'après l'illustration.

Messen Sie, wie gezeigt, genau die Breite des Raumes.



2

Tracciare l'area che dovrà contenere il tappeto centrale, assicurandosi di mantenere per ogni lato la medeisma distanza dalle pareti, nel seguente modo:
- Sottrarre sempre la misura costante di 105 cm dalla misura della larghezza dell'ambiente (da esempio 375-105=270).
- Dividere la misura così ottenuta per la lunghezza dello Chevron che è 70,6 cm (270/70,6=3,8).
- Arrotondare il risultato all'intero superiore, quindi 3,8 diventa 4.
- Moltiplicare la lunghezza dello Chevron per il numero appena ricavato (70,6*4=282,4).
- Per determinare la distanza A (come da esempio) del tappeto centrale rispetto alle pareti, occorre sottrarre il risultato ottenuto dalla larghezza dell'ambiente e dividerlo per 2. Quindi la distanza A sarà: (375-282,4)/2=46,3 cm.

Mark out the central rug effect area, making sure to keep the same distance from the walls for each side, as follows:
- Always subtract 105 cm from the width of the room (for example room measuring 375 cm: 375-105 = 270).
- Then divide the result obtained by the length of the chevron (which is 70.6 cm), e.g. 270 ÷ 70.6 = 3.8.
- Round the result up to the nearest whole number, which means 3.8 becomes 4.
- Multiply the length of the chevron by the number just obtained (70.6 x 4 = 282.4).
- To calculate the distance A (as shown in the example) between the central rug section and the walls, subtract the result obtained from the width of the room and then divide it by 2. Distance A will therefore be: (375-282.4)/2=46.3 cm.

Tracer la zone qui contiendra le tapis central, en veillant à garder la même distance des murs, comme suit :
- Toujours soustraire la mesure constante de 105 cm de la mesure de la largeur de la pièce (par exemple 375-105=270).
- Diviser la mesure ainsi obtenue par la longueur du Chevron qui est de 70,6 cm (270/70,6=3,8).
- Arrondir le résultat à l'entier supérieur : 3,8 devient ainsi 4.
- Multiplier la longueur du Chevron par le nombre qu'on vient d'obtenir (70,6*4=282,4).
- Pour déterminer la distance A (comme dans l'exemple) du tapis central par rapport aux murs, il faut soustraire le résultat obtenu de la largeur de la pièce et le diviser par 2. La distance A sera donc : (375-282,4)/2=46,3 cm.

Markieren Sie den Bereich, in dem sich der mittlere Teppich befinden soll, und vergewissern Sie sich auf folgende Weise, dass auf jeder Seite den gleichen Abstand zu den Wänden eingehalten wird:
- Ziehen Sie stets das konstante Maß von 105 cm von der gemessenen Raumbreite ab (zum Beispiel 375-105=270).
- Teilen Sie das so erhaltene Maß durch die Länge des Chevron, die 70,6 cm beträgt (270/70,6=3,8).
- Runden Sie das Ergebnis nach oben auf eine ganze Zahl, d.h. 3,8 wird 4.
- Multiplizieren Sie die Länge des Chevron mit der gerade ermittelten Zahl (70,6*4=282,4).
- Zur Bestimmung des Abstandes A (gemäß Beispiel) des mittleren Teppichs von den Wänden muss das erzielte Ergebnis von der Raumbreite abgezogen und durch 2 geteilt werden. Somit beträgt der Abstand A: (375-282,4)/2=46,3 cm.

Sens de pose.
Verlegerichtung.

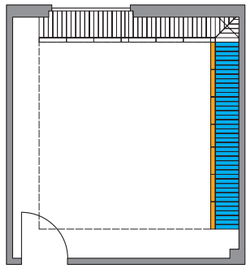
3

Iniziare la posa di fascia e bindello fino a completare due lati dell'ambiente come illustrato, avendo l'accortezza di posare l'eventuale pezzo tagliato contro la parete, in modo da poter poi coprire il taglio con il battiscopa.

Begin laying the outer border band and the inner border line, to complete two sides of the room as illustrated, taking care to lay the cut piece against the wall so that the cut can then be covered with the skirting board.

Commencer la pose des lames de bordure et de raccord et compléter les deux côtés d'après l'illustration, en prenant soin de poser chaque pièce coupée contre le mur, de manière à pouvoir couvrir le côté coupé avec la plinthe.

Beginnen Sie, wie gezeigt, mit der Verlegung des äußeren Streifens und des inneren Randes bis zur Fertigstellung von zwei Seiten des Raumes. Achten Sie dabei darauf, dass eventuell geschnittene Stück zur Wand zu richten, so dass der Schnitt später mit der Sockelleiste verdeckt werden kann.



Bindello . Inner border line .
Lame de raccord . Innerer Rand .

Fascia . Outer border band .
Lame de bordure . Äußerer Streifen .

4

Posare il primo Chevron del tappeto centrale come evidenziato in figura. Utilizzare il bindello posato in precedenza e una staggia adeguaramente posizionata come guida. Proseguire la posa fino a terminare l'intera sezione.

Lay the first chevron of the central 'rug' section as shown in the figure. Use the inner border line laid earlier and a suitably positioned levelling bar as a guide. Keep laying until the entire section is finished.

Poser le premier Chevron du tapis central d'après la figure. Utiliser la lame de raccord posée précédemment et une règle correctement positionnée servant de guide. Continuer la pose pour terminer l'ensemble de la section.

Verlegen Sie das erste Chevron des mittleren Teppichs, wie in der Abbildung gezeigt. Verwenden Sie der zuvor verlegte innere Rand und ein angemessen positioniertes Zieheisen als Führung. Setzen Sie die Verlegung bis zur Fertigstellung des gesamten Bereichs fort.

Début de pose Chevron .
Beginn der Chevron-Verlegung .

Staggia . Levelling bar . Barre .
Zieheisen .

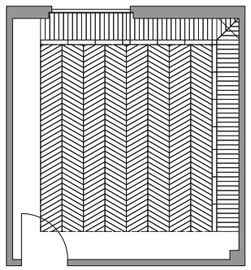
5

Terminare in questo modo l'intera posa del tappeto centrale.

Proceeding in this fashion, finish laying the entire central 'rug' section.

Terminer la pose du tapis central suivant cette modalité.

Beenden Sie auf diese Weise die gesamte Verlegung des mittleren Teppichs.



6

Concludere la stanza con la posa di fascia e bindello mancanti.

Finish the room by laying the missing part of the outer border band and the inner border line.

Conclure la pièce en posant les lames de bordure et de raccord manquantes.

Stellen Sie den Raum durch Verlegung der äußeren Streifen und inneren Ränder fertig, die verbleiben.

LA POSA
SOPRAELEVATA

Raised laying
La pose surélevée
Verlegung als Doppelboden

Il sistema di pavimentazione sopraelevato si compone con **piastrelle di spessore 20 mm** sostenute da apposite strutture che consentono di predisporre una base di pavimentazione rialzata rispetto il fondale.
L'installazione della pavimentazione avviene accostando gli elementi **senza l'impiego di collanti** e **senza apportare interventi radicali** alla struttura preesistente.

A raised flooring system can be built using the **20 mm-thick slabs** and a specific support framework for the flooring/paving. The flooring/paving is created by fitting the tiles together **without adhesives and without making radical changes** to the existing base.

Le système de revêtement surélevé comprend des dalles de **20 mm d'épaisseur** soutenues par des structures spéciales qui permettent de placer une base de dalle surélevée par rapport au fond. L'installation du revêtement se fait en accolant les éléments sans employer de colles et **sans devoir effectuer d'interventions radicales** à la structure préexistante.

Das Doppelbodensystem besteht aus **20 mm-Platten**, die über entsprechende Strukturen abgestützt werden, mit denen eine im Vergleich zum Unterboden erhöhte Fläche geschaffen wird. Die Verlegung des Bodens erfolgt durch das Aneinanderlegen von Elementen, **ohne Verwendung von Klebern und ohne tiefgehende Eingriffe** an der vorhandenen Struktur.

LA POSA A SECCO
SU ERBA

Dry laying on grass
La pose à sec sur herbe
Trockenverlegung auf Rasen

I nostri prodotti con spessore 20 mm nascono per integrarsi e resistere negli ambienti esterni.
In presenza di un fondo di tipo erboso la posa viene eseguita a secco semplicemente appoggiando le piastrelle.
L'opera può essere eseguita senza l'intervento di personale specializzato e senza l'utilizzo di colle per l'edilizia.
Quest'ultima caratteristica determina il beneficio di rendere le superfici immediatamente calpestabili.
Adatta sia per giardini di abitazioni private che per ampi spazi pubblici, questo tipo di posa permette di modificare i tracciati o le pavimentazioni in qualsiasi momento riutilizzando lo stesso materiale più volte e in luoghi diversi.

Our 20-mm thick products are designed to integrate and withstand outdoor settings.
In the case of a turf surface, the tiles are laid dry by simply placing them on the ground. The work can be carried out without the intervention of skilled personnel and without the use of tile adhesives. The latter feature results in the benefit of making the surfaces immediately walkable.
Suitable for both private gardens and large public spaces, this type of laying allows paths or paving to be changed at any time by reusing the same material several times and in different places.

Nos produits en épaisseur 20 mm sont conçus pour s'intégrer et résister dans les ambiances extérieurs.
Avec un support de type herbeux, la pose est effectuée à sec, simplement en posant les dalles, sans nécessité de faire intervenir un personnel spécialisé et sans utiliser de colles. Cette dernière caractéristique a l'avantage de permettre un passage immédiat sur les surfaces.
Cette pose convient aussi bien pour les habitations privées que pour de grands espaces publics car elle permet de changer les tracés ou les revêtements de sol à tout moment, en réutilisant le même matériel plusieurs fois et en des endroits différents.

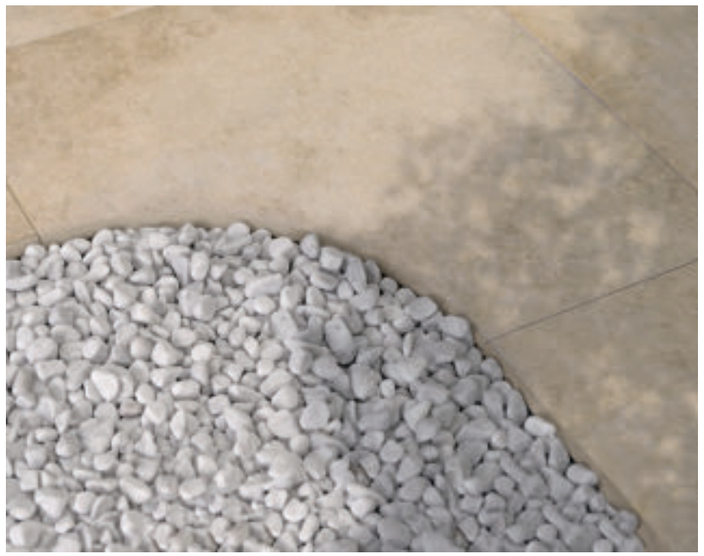
Unsere Produkte mit 20 mm Stärke eignen sich dank ihrer Flexibilität und Beständigkeit hervorragend für die Verlegung in Außenbereichen.
Auf Rasen bietet sich die Trockenverlegung an, bei der die Fliesen direkt auf dem Untergrund angeordnet werden.
Hierzu ist weder Fachpersonal noch der Rückgriff auf Baustoffe oder -kleber erforderlich.
Nach der Verlegung sind die Oberflächen sofort begehbar.
Diese Art der Verlegung eignet sich sowohl für Gärten in Privatbesitz als auch für große öffentliche Bereiche; sie bietet den Vorteil, dass die Verläufe oder Bodenbeläge jederzeit geändert werden können, wobei das gleiche Material mehrmals und an verschiedenen Stellen wiederverwendet werden kann.

LA POSA A SECCO
SU GHIAIA

Dry laying on gravel
La pose à sec sur gravier
Trockenverlegung auf Kies

Il Progetto Outdoor presenta una serie di soluzioni per lo sviluppo di interessanti soluzioni estetiche.
Un altro sistema di posa proposto è quello su ghiaia, che si esegue semplicemente appoggiando la piastrella spessorata sopra al manto ghiaioso già steso in precedenza. È possibile inoltre arricchire l'effetto decorativo utilizzando della ghiaia di colore o con granulometria diversa. Il substrato di ghiaia garantisce un più facile e veloce livellamento delle piastrelle, una efficace stabilità nel tempo e il drenaggio ottimale delle acque. La posa a secco su ghiaia è calpestabile immediatamente dopo la messa in opera e consente di modificare le pavimentazioni in qualsiasi momento.

The Outdoor Project offers a range of options for the development of interesting aesthetic solutions.
Another proposed laying system is on gravel, which can be done by simply placing the thicker tile on top of the previously laid gravel substrate. You can also enhance the decorative effect by using coloured gravel or with a different grain size. The gravel substrate ensures easier and faster levelling of the tiles, effective long-term stability and optimal water drainage.
Dry laid tiles on gravel can be walked on immediately after installation and the paving can be modified at any time.



Le projet Outdoor présente une série de solutions pour le développement de solutions esthétiques intéressantes.
Un autre système de pose proposé est celui sur gravier: la dalle grande épaisseur est posée directement sur le gravier étalé préalablement.
Il est également possible d'accentuer l'aspect décoratif en utilisant un gravier coloré ou avec des granulométries différentes.
Le support en gravier garantit un nivèlement plus facile et plus rapide des dalles, une stabilité dans le temps et le drainage optimale de l'eau. Les dallées posées à sec sur gravier permettent le passage immédiatement après la pose et le revêtement de sol peut être changé à tout moment.

Das Outdoor-Projekt bietet eine Reihe von Möglichkeiten für die Ausarbeitung interessanter ästhetischer Lösungen.
Eine weitere Art der Anwendung ist die Trockenverlegung auf Kies; dabei werden die überstarken Fliesen lediglich auf der zuvor vorbereiteten Kiesschicht angeordnet. Zusätzliche dekorative Optionen können mit farbigem Kies oder verschiedenen Korngrößen in Betracht gezogen werden.
Die Unterschicht aus Kies garantiert eine leichtere und raschere Nivellierung der Fliesen, langfristige Stabilität und eine optimale Ableitung des Niederschlagswassers.
Nach der Trockenverlegung auf Kies sind die Oberflächen sofort begehbar, und die Beläge können jederzeit und je nach Belieben modifiziert werden.

LA POSA A SECCO
SU SABBIA

Dry laying on sand
La pose à sec sur sable
Trockenverlegung auf Sand

Le caratteristiche fisiche e tecniche dello spessore 20 mm del progetto Outdoor si adattano perfettamente in presenza di fondi sabbiosi. Tali caratteristiche possono essere particolarmente convenienti per gli stabilimenti balneari.
La superficie antiscivolo consente di realizzare pedane di servizio e camminamenti percorribili in sicurezza, **resiste al contatto prolungato con il sale** e **non altera l'aspetto** anche se esposta costantemente **ai raggi solari**.
La posa si esegue a secco semplicemente appoggiando le lastre sul fondo sabbioso senza la presenza di personale specializzato.
I camminamenti sono **immediatamente calpestabili** e possono essere **modificati, rimossi e riutilizzati secondo le esigenze in qualsiasi momento**.

The physical and technical features of the 20 mm thickness of the Outdoor project are perfectly suited to sandy surfaces. Such features can be particularly convenient for beach resorts. The anti-slip surface makes it possible to create safe service decks and walkways, **resists prolonged contact with salt and does not alter its appearance** even when constantly exposed to sunlight. The slabs are laid dry by simply placing them on the sandy bottom without the need of skilled personnel. The walkways can be **immediately walked** on and **can be modified, removed and reused as required at any time**.

Les caractéristiques physiques et techniques de l'épaisseur 20 mm du projet Outdoor s'adaptent parfaitement aux supports sableux.
Ces caractéristiques peuvent être particulièrement avantageuses pour les établissements balnéaires.
La surface anti-glissement permet de réaliser des plateformes de service et des chemins sur lesquels marcher en toute sécurité, elle **résiste au contact prolongé avec le sel** et son aspect ne s'altère pas même si elle est exposée en permanence à la lumière du soleil.
La pose s'effectue à sec, simplement en posant les dalles sur le sable sans nécessité de faire intervenir un personnel spécialisé.
Les chemins peuvent être immédiatement empruntés et **peuvent être modifiés, supprimés ou réutilisés à tout moment** selon les exigences.

Mit ihren physischen und technischen Merkmalen sind die 20 mm starken Fliesen des Outdoor-Projekts die perfekte Wahl auch bei sandigen Untergründen. Somit eignen sie sich hervorragend zur Nutzung in Badeanstalten und an Strandeinrichtungen.
Dank der rutschhemmenden Oberfläche können trittsichere Podeste für das Strandpersonal und Gehwege eingerichtet werden, und **selbst der längere Kontakt mit Salz und eine ständige Sonneneinstrahlung bewirken keine Veränderungen am Aussehen des Materials**.
Zur Trockenverlegung werden die Fliesen lediglich auf dem sandigen Untergrund angeordnet, ohne das hierzu Fachpersonal erforderlich ist.
Die Gehwege können unmittelbar nach der Erstellung betreten und jederzeit und je nach Anforderung geändert, entfernt und wiederverwendet werden.

LA POSA A COLLA
SU MASSETTO

Adhesive application on screed
La pose avec colle sur chape
Verlegung mit Kleber auf Unterbetonblock (Estrich)

Dall'abbinamento della posa a colla su massetto tradizionale con le piastrelle a spessore 20 mm è possibile creare pavimenti da outdoor con elevate prestazioni tecniche. Sono pavimentazioni caratterizzate da una **perfetta stabilità del fondo** e un'**eccezionale resistenza ai carichi di rottura** concepite per superfici sottoposte al **passaggio e alla sosta di autoveicoli** o per **aree altamente frequentate** quali marciapiedi, piste ciclabili o camminamenti pedonali.

The combination of adhesive laying on a traditional screed with 20-mm thick tiles makes it possible to create outdoor pavings with high technical performance.
These pavements are characterised by **perfect stability of the background and very high resistance to breaking loads**, designed for surfaces subject to the **passage and parking of motor vehicles or for areas with high traffic**, such as pavements, cycle lanes or pedestrian walkways.

En associant la pose collée traditionnelle sur chape avec les dalles en 20 mm d'épaisseur, il est possible de créer des sols d'extérieur offrant des performances techniques élevées.
Ces sols sont caractérisés par une **stabilité parfaite du support** et une **exceptionnelle résistance aux charges de rupture** étudiées pour des surfaces soumises au **passage et** au **stationnement de véhicules ou** pour des **espaces très fréquentés** comme des trottoirs, des pistes cyclables ou des chemins piétonniers.

Die Verlegung mit Kleber von 20-mm-Fliesen auf einem traditionellen Unterbetonblock (Estrich) ist die ideale Ausgangssituation für Outdoor-Bodenbeläge mit ausgezeichneten technischen Performances. Neben der perfekten Stabilität des Untergrunds ist **die außergewöhnliche Bruchfestigkeit** ein entscheidendes Merkmal, **dank dessen sich die Bodenbeläge nicht nur für Fahr- und Parkflächen von Fahrzeugen, sondern auch für stark frequentierte Bereiche** wie Bürgersteige, Fahrrad- und Gehwege eignen.

VANTAGGI

- **Garantisce stabilità nel tempo**
- **Ideale per superfici carrabili**
- **Sopporta le sollecitazioni del calpestio intenso**

COLLOCAZIONI CONSIGLIATE

- **Cortili**
- **Rampe di accesso**
- **Garage, parcheggi**
- **Aree di sosta**
- **Piste ciclabili**
- **Camminamenti**
- **Marciapiedi**
- **Porticati**
- **Terrazzi**

ADVANTAGES

- Guaranteed stability over time
- Ideal for areas open to vehicle traffic
- Withstands high footfall

RECOMMENDED LOCATIONS

- Courtyards
- Access ramps
- Garages, car parks
- Short-stay sites for vehicles
- Cycle paths
- Walkways
- Pavements
- Arcades/porches
- Terraces

AVANTAGES

- Stabilité garantie au fil du temps
- Idéale pour les surfaces carrossables
- Supporte les sollicitations dérivant du piétinement intense

EMPLACEMENTS CONSEILLÉS

- Cours
- Rampes d'accès
- Garage, parkings
- Zones de stationnement
- Pistes cyclables
- Allées
- Trottoirs
- Porches
- Terrasses

VORTEILE

- Langzeitliche Stabilität
- Ideal für befahrene Flächen
- Beständig gegen Belastung bei intensiver Begehung

ANWENDUNGSEMPFEHLUNGEN

- Höfe
- Auf- und Abfahrtsrampen
- Garagen, Parkplätze
- Halteplätze
- Fahrradwege
- Gehwege
- Bürgersteige
- Arkaden
- Terrassen

I PEZZI **SPECIALI**

Les pièces spéciales
Die Formteile

20MM R11C

Il progetto Outdoor a marchio
La Fabbrica AVA si rivela uno strumento raffinato ed articolato per tutte le progettazioni di spazi esterni, anche le più articolate.
Richiedibili su richiesta, nella gamma dei nostri prodotti Outdoor è presente una serie completa di **pezzi speciali ottenuti dal fondo 20 mm per rifinire piscine, giardini e**, in generale, **lo spazio del tuo ambiente outdoor**.

La Fabbrica AVA branded Outdoor project is a styled and articulated tool for all outdoor design projects, even the most complex ones. Our Outdoor product range includes a complete series of **special pieces made from 20 mm background to finish swimming pools**, **gardens** and, in general, **your outdoor space**.
All these pieces are available on request.

LES PIÈCES SPÉCIALES

Le projet Outdoor de La Fabbrica AVA est un outil raffiné et modulaire pour tous les projets d'espaces extérieurs, même les plus articulés. La gamme de nos produits Outdoor offre une série complète de **pièces spéciales, disponibles sur demande, obtenues à partir du fond en 20 mm pour la finition de piscines, jardins** et, plus généralement, de vos espaces extérieurs.

DIE FORMTEILE

Das Outdoor-Projekt der Marke
La Fabbrica AVA erweist sich als raffiniertes und vielseitiges Instrument, wenn es darum geht, Außenbereiche - auch sehr komplexe - zu gestalten und einzurichten.
Auf Anfrage kann im Rahmen des Angebots unserer Outdoor-Produkte eine vollständige Serie von 20-mm-Formteilen für abschließende Verlegungen an Swimmingpools, in Gärten und allgemein in Außenbereichen angefordert werden.

CONSIGLI PER LA **CORRETTA PULIZIA E MANUTENZIONE DEL PRODOTTO**

Important product cleaning and maintenance. Conseils pour le nettoyage et l'entretien corrects du produit.
Hinweise und Empfehlungen für die richtige Reinigung und Pflege des Produktes.

Eseguire una precisa e corretta pulizia del prodotto ceramico è di fondamentale importanza per mantenerne nel tempo l'originaria lucentezza e bellezza. Si raccomanda pertanto di seguire con attenzione le indicazioni seguenti.

A) PULIZIA "DOPO-POSA" IN CANTIERE
Il lavaggio iniziale delle piastrelle nel "dopo-posa" in cantiere è una fase di fondamentale importanza.
È infatti in questo momento che è possibile rimuovere agevolmente dalle piastrelle tutti i residui dei materiali usati per la posa e/o della stuccatura delle fughe della piastrella stessa. Si tratta di residui di varia natura che, se lasciati "asciugare e/o seccare" sulle piastrelle, soprattutto in quelle caratterizzate da una superficie strutturata più o meno accentuata potrebbero diventare difficili da rimuovere successivamente.
Si raccomanda sempre la massima attenzione alla scelta dell'agente pulente per non alterare irrimediabilmente il grado di lucentezza e brillantezza della piastrella posata.

Pulizia del pavimento stuccato con "Stucchi cementizi a base d'acqua"
Come già accennato, con il lavaggio "dopo-posa" si rimuovono i residui di cemento, stucchi cementizi, salnitri, colle ed eventuali residui superficiali del materiale di varia natura. In questa fase il pavimento deve essere lavato con detergenti a base di acidi tamponati entro almeno 3-4 giorni dopo la posa e mai oltre i 10 giorni. NB: Per i prodotti caratterizzati da superfici strutturate e/o antiscivolo si raccomanda, viste le asperità della struttura, di sporcare il meno possibile la superficie della piastrella durante le fasi della posa e di pulire bene subito dopo la stuccatura gli eccessi di materiali utilizzati con una spugna bagnata in acqua pulita. Si raccomanda altresì di eseguire la procedura sotto-descritta il prima possibile e comunque prima dei su citati 3-4 giorni massimi dal "dopo-posa".

Detergenti consigliati:
Keranet.....Mapei
Deterdek .....Fila
Deltaplus .....Kerakoll
Cement Remover .....Faber Chimica
Deterpav Professional.....Madras
Gres Cleaner Extreme Special .....Priscopio Soluzioni
Solvacid .....Geal

Procedere come segue:
1) Preparare il detergente come indicato in etichetta (si consiglia di effettuare prove preliminari su piastrelle non posate per verificare l'inalterabilità della superficie della piastrella).
2) Bagnare preventivamente il pavimento con acqua pulita.
3) Stendere la soluzione sulle piastrelle lasciando che agisca per qualche minuto.
4) Passare la monospazzola utilizzando dischi appropriati (verdi per le superfici strutturate e rosso per le non strutturate) o una paglietta (verde per le superfici strutturate e rossa/marrone per le non strutturate) strofinando energicamente la superficie delle piastrelle.
5) Risciacquare abbondantemente con acqua pulita aspirando il liquido.

Pulizia del pavimento stuccato con "Stucchi epossidici"
Nel caso di utilizzo di stucchi epossidici, considerato che essi induriscono rapidamente in pochi minuti, il lavaggio "dopo-posa" deve essere eseguito con detergenti alcalini il più rapidamente possibile attenendosi scrupolosamente alle indicazioni e procedure d'utilizzo indicati in etichetta.

Detergenti alcalini consigliati:
Kerapoxy Cleaner .....Mapei
PS/87 .....Fila
Epoxy Remover .....Laticrete
Keragel Eco.....Kerakoll
Wax Remover .....Faber Chimica
Epoxy.Det.....Technokolla
Epoxy Cleaner Extreme.....Periscopio Soluzioni
Eposolu.....Geal

Procedere come segue:
1) Preparare il detergente come indicato in etichetta (si consiglia di effettuare prove preliminari su piastrelle non posate per verificare l'inalterabilità della superficie della piastrella).
2) Bagnare preventivamente il pavimento con acqua pulita.
3) Stendere la soluzione sulle piastrelle lasciando che agisca per qualche minuto
4) Passare la monospazzola utilizzando dischi appropriati (verdi per le superfici strutturate e rosso per le non strutturate) o una paglietta (verde per le superfici strutturate e rossa/marrone per le non strutturate) strofinando energicamente la superficie delle piastrelle.
5) Risciacquare abbondantemente con acqua pulita aspirando il liquido

B) PULIZIA QUOTIDIANA
La pulizia ordinaria può essere fatta con l'ausilio di normali detergenti neutri adatti alla pulizia delle superfici ceramiche, eventualmente diluendoli in acqua calda per aumentarne l'efficacia, attenendosi alle istruzioni in etichetta del produttore.

Proper, careful cleaning of your ceramic product is vitally important to ensure it keeps its original gloss and beauty over time. We therefore recommend that you follow the instructions set out below carefully.

A) POST-LAYING CLEANING IN THE WORKSITE
The initial post-laying cleaning of the tiles in the worksite is a key procedure.
In actual fact, this is the easiest time to remove any residues of the laying materials used and or grouting from the tiles.
These residues (of various kinds) may be hard to remove later if left to dry on the tiles, particularly those featuring a textured surface however accentuated this texture may or may not be. We always recommend you take particular care when choosing the cleaning agent, as the wrong product could irreversibly alter the level of glossy and shine of the laid tiles.

Cleaning flooring grouted with water-based cement grouts
As already mentioned, the post-laying wash removes all traces of cement, cement-based grouts, saltpetre, glues and any surface residues of various kinds of materials. At this stage, the floor should be washed with detergents containing buffered acids at least 3-4 days after laying and never later than 10 days afterwards. NB: For tiling with textured and/or non-slip surfaces we recommend that - given the harshness of the texture - you try to soil the tile surface as little as possible during laying and that you clean off excess materials well straight after grouting, using a wet sponge and clean water. We also recommend you carry out the procedure described below as soon as possible and within no more than the aforesaid 3 to 4 days after laying.

Recommended detergents:
Keranet.....Mapei
Deterdek .....Fila
Deltaplus .....Kerakoll
Cement Remover .....Faber Chimica
Deterpav Professional.....Madras
Gres Cleaner Extreme Special .....Priscopio Soluzioni
Solvacid .....Geal

Proceed as follows:
1) Prepare the detergent as stated on the label (we recommend you carry out a preliminary test on unlaid tiles to check the resistance of the tile surface).
2) Wet the floor with clean water beforehand.
3) Spread the solution on the tiles, leaving it to work for a few minutes.
4) Go over the floor with the single-disc floor cleaner, using suitable disks (i.e. green for textured surfaces and red for non-textured surfaces) or an abrasive pad (green for textured surfaces and red/ brown for non-textured surfaces) , scrubbing surface of the tiles well.
5) Rinse thoroughly with clean water, then vacuum up the liquid.

Cleaning flooring grouted with epoxy grouts
If you are using an epoxy grout, given that these harden extremely quickly (in just a few minutes), the post-laying wash must be carried out using alkaline cleaning agents and as quickly as possible, following the instructions for use and procedures on the label exactly as stated.

Recommended alkaline detergents:
Kerapoxy Cleaner .....Mapei
PS/87 .....Fila
Epoxy Remover .....Laticrete
Keragel Eco.....Kerakoll
Wax Remover .....Faber Chimica
Epoxy.Det.....Technokolla
Epoxy Cleaner Extreme.....Periscopio Soluzioni
Eposolu.....Geal

Proceed as follows:
1) Prepare the detergent as stated on the label (we recommend you carry out a preliminary test on unlaid tiles to check the resistance of the tile surface).
2) Wet the floor with clean water beforehand.
3) Spread the solution on the tiles, leaving it to work for a few minutes.
4) Go over the floor with the single-disc floor cleaner, using suitable disks (i.e. green for textured surfaces and red for non-textured surfaces) or an abrasive pad (green for textured surfaces and red/ brown for non-textured surfaces) , scrubbing surface of the tiles well.
5) Rinse thoroughly with clean water, then vacuum up the liquid.

B) DAILY CLEANING
Routine cleaning can be carried out using normal neutral detergents that are suitable for cleaning ceramic surfaces, diluting them in hot water (if possible) to increase their effectiveness and following the manufacturer's instructions found on the label.

Un nettoyage minutieux et correct du produit en céramique est fondamental pour en préserver le brillant et la beauté d'origine. Il est donc recommandé de suivre avec attention les indications suivantes.

A) NETTOYAGE "APRÈS LA POSE" SUR LE CHANTIER
Le lavage initial des carreaux au cours de la phase "après la pose" sur le chantier est une étape extrémement importante.
En effet, c'est à ce moment-là qu'il est possible d'éliminer facilement des carreaux tous les résidus du matériel utilisé pour la pose et/ou du jointage des joints.
Il s'agit de résidus de différente nature qui pourraient s'avérer difficiles à éliminer par la suite, si on les laisse "sécher et/ou durcir" sur les carreaux, surtout s'ils sont caractérisés par une surface structurée plus ou moins accentuée. On recommande toujours de choisir le produit de nettoyage avec la plus grande attention pour ne pas altérer irrémédiablement le degré de luisance et de brillance du carreau posé.

Nettoyage des carrelages jointes avec des "Mastics à base de ciment et d'eau".
Comme on l'a dit, le lavage "après la pose" permet d'éliminer les résidus de béton, les mastics à base de ciments, les nitrates de potassium, les colles et les éventuels résidus superficiels de différente nature. Au cours de cette phase, le carrelage doit étre lavé avec des détergents à base d'acides tamponnés au moins 3-4 jours après la pose et au maximum dans les 10 jours. N.B.: Pour les produits caractérisés par des surfaces structurées et/ou antidérapantes, il est recommandé, vu les aspérités de la structure, de salir le moins possible la surface du carreau au cours de la pose et de bien éliminer les excès de produit utilisé immédiatement après le jointage avec une éponge imbibée d'eau propre. Il est également recommandé d'exécuter la procédure décrite ci-dessous dès que possible et au plus tard avant la période maximale de 3-4 jours indiquée plus haut à compter de l'"après-pose".

Détergents préconisés:
Keranet.....Mapei
Deterdek .....Fila
Deltaplus .....Kerakoll
Cement Remover .....Faber Chimica
Deterpav Professional.....Madras
Gres Cleaner Extreme Special .....Priscopio Soluzioni
Solvacid .....Geal

Procéder comme suit:
1) Préparer le détergent d'après les indications figurant sur l'étiquette (il est recommandé d'effectuer des essais préliminaires sur des carreaux non posés pour vérifier l'inaltérabilité de la surface des carreaux).
2) Mouiller préalablement le carrelage avec de l'eau propre.
3) Etaler la solution sur les carreaux en laissant agir quelques minutes.
4) Passer la monobrosse en utilisant les disques appropriés (verts pour les surfaces structurées et rouges pour les surfaces non structurées) ou une paille de fer (verte pour les surfaces structurées et rouge/marron pour les surfaces non structurées) en frottant énergiquement la surface des carreaux.
5) Rincer abondamment à l'eau propre en aspirant le liquide.
Nettoyage des carrelages jointes avec des "Mastics époxy"
Si l'on utilise des mastics époxy, vu qu'ils durcissent rapidement en quelques minutes, le lavage "après la pose" doit étre effectué avec des détergents alcalins dans les plus brefs délais en suivant scrupuleusement les indications et les procédures d'utilisation figurant sur l'étiquette.

Détergents alcalins préconisés:
Kerapoxy Cleaner .....Mapei
PS/87 .....Fila
Epoxy Remover .....Laticrete
Keragel Eco.....Kerakoll
Wax Remover .....Faber Chimica
Epoxy.Det.....Technokolla
Epoxy Cleaner Extreme.....Periscopio Soluzioni
Eposolu.....Geal

Procéder comme suit:
1) Préparer le détergent d'après les indications figurant sur l'étiquette (il est recommandé d'effectuer des essais préliminaires sur des carreaux non posés pour vérifier l'inaltérabilité de la surface des carreaux)
2) Mouiller préalablement le carrelage avec de l'eau propre
3) Etaler la solution sur les carreaux en laissant agir quelques minutes
4) Passer la monobrosse en utilisant les disques appropriés (verts pour les surfaces structurées et rouges pour les surfaces non structurées) ou une paille de fer (verte pour les surfaces structurées et rouge/marron pour les surfaces non structurées) en frottant énergiquement la surface des carreaux.
5) Rincer abondamment à l'eau propre en aspirant le liquide

B) NETTOYAGE QUOTIDIEN
Le nettoyage quotidien peut étre réalisé à l'aide de détergents neutres normaux indiqués pour le nettoyage des surfaces en céramique, éventuellement en les diluant dans de l'eau chaude pour en augmenter l'efficacité, en suivant les instructions du producteur sur l'étiquette.

Eine gründliche und richtige Reinigung des Keramikproduktes ist von grundlegender Wichtigkeit, um den Glanz und die Schönheit in ursprünglicher Form dauerhaft aufrechtzuerhalten Es wird deshalb geraten, die folgenden Hinweise mit Aufmerksamkeit zu beachten.

A) REINIGUNG "NACH DER VERLEGUNG" AUF DER BAUSTELLE
Das anfängliche Reinigen der Fliesen "nach der Verlegung" auf der Baustelle ist eine Phase von grundlegender Wichtigkeit.
So ist es zu diesem Zeitpunkt möglich, mühelos alle Rückstände der zur Verlegung und/oder Verspachtelung der Fliesenfugen verwendeten Produkte zu entfernen. Es handelt sich um Rückstände verschiedener Art, die vor allem, wenn sie auf den mit einer mehr oder wenig strukturierten Oberfläche gekennzeichneten Fliesen "trocknen und/oder austrocknen", sich nur schwer später entfernen lassen. Es wird immer zur höchsten Sorgfalt hinsichtlich der Wahl des Reinigungsmittels geraten, um den Grad des Schimmers und Glanzes der verlegten Fliese nicht unrettbar zu beeinträchtigen.

Reinigung des mit "Zementspachtel auf Wasserbasis" verfugten Bodens.
Wie bereits erwähnt, werden mit der Reinigung "nach der Verlegung" die Rückstände von Zement, Zementspachtel, Salpeter, Kleber und andere eventuelle Rückstände verschiedener Art auf der Oberfläche des Materials entfernt. In dieser Phase muss der Fußboden mit Reinigungsmitteln auf Basis von gepufferter Säure innerhalb von mindestens 3-4 Tagen und niemals später als 10 Tagen nach der Verlegung gereinigt werden. Anm.: Für die durch strukturierte und/oder rutschfeste Oberflächen gekennzeichneten Produkte wird im Hinblick auf die Rauhigkeit der Struktur geraten, die Oberfläche der Fliese bei der Verlegung so wenig wie möglich zu verschmutzen und die Rückstände verwendeter Materialien sofort nach der Verfugung mit einem in sauberem Wasser nass gemachten Schwamm zu beseitigen. Außerdem wird geraten, den unten beschriebenen Vorgang sobald wie möglich und in jedem Fall vor den oben genannten 3-4 Tagen maximal "nach der Verlegung" auszuführen.

Empfohlene Reinigungsmittel:
Keranet.....Mapei
Deterdek .....Fila
Deltaplus .....Kerakoll
Cement Remover .....Faber Chimica
Deterpav Professional.....Madras
Gres Cleaner Extreme Special .....Priscopio Soluzioni
Solvacid .....Geal

Gehen Sie wie folgt vor:
1) Bereiten Sie das Reinigungsmittel gemäß den Angaben auf dem Etikett zu (es wird geraten, vorab Tests auf einer nicht verlegten Fliese durchzuführen, um die Unveränderlichkeit der Oberfläche der Fliese zu prüfen).
2) Benässen Sie zuvor den Fußboden mit sauberem Wasser.
3) Tragen Sie die Lösung auf die Fliesen auf und lassen Sie sie einige Minuten einwirken.
4) Fahren Sie mit der Reinigungsmaschine unter Verwendung geeigneter Scheiben (grün für die strukturierten Oberflächen und rot für die nicht strukturierten) oder einem Schwamm (grün für die strukturierten Oberflächen und rot/braun für die nicht strukturierten) darüber, und reiben Sie energisch über die Oberfläche der Fliesen.
5) Wischen Sie mit reichlich sauberem Wasser nach und saugen Sie die Flüssigkeit auf.
Reinigung des mit "Epoxid-Spachtel" verfugten Fußbodens
Bei Verwendung von Epoxid-Spachteln muss die Reinigung „nach der Verlegung" in Anbetracht ihrer schnellen Aushärtung in wenigen Minuten so schnell wie möglich mit alkalischen Reinigungsmitteln ausgeführt werden, wobei die Hinweise und Verwendungsweise auf dem Etikett genauestens zu beachten sind.

Empfohlene alkalische Reinigungsmittel:
Kerapoxy Cleaner .....Mapei
PS/87 .....Fila
Epoxy Remover .....Laticrete
Keragel Eco.....Kerakoll
Wax Remover .....Faber Chimica
Epoxy.Det.....Technokolla
Epoxy Cleaner Extreme.....Periscopio Soluzioni
Eposolu.....Geal

Gehen Sie wie folgt vor:
1) Bereiten Sie das Reinigungsmittel gemäß den Angaben auf dem Etikett zu (es wird geraten, vorab Tests auf einer nicht verlegten Fliese durchzuführen, um die Unveränderlichkeit der Oberfläche der Fliese zu prüfen).
2) Benässen Sie zuvor den Fußboden mit sauberem Wasser.
3) Tragen Sie die Lösung auf die Fliesen auf und lassen Sie sie einige Minuten einwirken.
4) Fahren Sie mit der Reinigungsmaschine unter Verwendung geeigneter Scheiben (grün für die strukturierten Oberflächen und rot für die nicht strukturierten) oder einem Schwamm (grün für die strukturierten Oberflächen und rot/braun für die nicht strukturierten) darüber, und reiben Sie energisch über die Oberfläche der Fliesen.
5) Wischen Sie mit reichlich sauberem Wasser nach und saugen Sie die Flüssigkeit auf.

B) TÄGLICHE REINIGUNG
Die gewöhnliche Reinigung kann mit Hilfe normaler neutraler Reinigungsmittel erfolgen, die für die Reinigung von Oberflächen aus Keramik geeignet sind, wobei diese eventuell in warmem Wasser verdünnt werden, um ihre Wirksamkeit zu erhöhen. Beachten Sie die Angaben des Herstellers auf dem Etikett.

CONDIZIONI GENERALI **DI VENDITA**

General sales terms and conditions. Conditions générales de vente. Allgemeine Verkaufsbedingungen.

La Fabbrica S.p.A. si riserva il diritto di modificare in qualunque momento le informazioni e le caratteristiche tecniche contenute nel presente catalogo ("Catalogo") e nel sito web (incluso tutti i documenti e cataloghi scaricabili via internet), che non sono da ritenersi legalmente vincolanti. Pesi, colori e misure possono subire variazioni tipiche del particolare processo di produzione del materiale ceramico. I colori e le caratteristiche estetiche dei prodotti sono quanto più possibile vicini a quelli reali, nei limiti consentiti dai processi di riproduzione virtuale. La Fabbrica S.p.A. considera le informazioni e le specifiche tecniche di cui al presente Catalogo corrette e precise; tuttavia non esclude la presenza di errori materiali ed invita i compratori ("Compratori") a verificare le informazioni e le specifiche tecniche con gli agenti / commerciali di riferimento.

©2020 La Fabbrica S.p.A. Tutti i diritti sono riservati. Ogni riproduzione totale e/o parziale dei contenuti del presente Catalogo, sia di testo che di immagine, è vietata e sarà perseguita nei termini di legge.

1. PRODOTTO E GARANZIA:

a. Le elevate temperature di cottura del gres ceramico, possono provocare differenze di tono e di calibro. Sono perciò ammesse ed accettate dal Compratore delle differenze nelle dimensioni indicate, che però non superino i limiti di tolleranza prevista dalle norme UNI-EN-ISO 14411.
b. La Fabbrica S.p.A. garantisce i prodotti come conformi alle norme UNI-EN-ISO 14411 attualmente in vigore. La garanzia è limitata esclusivamente ai materiali di 1^ scelta. I materiali di 2^ e di 3^ scelta e le partite occasionali si intendono venduti come "visti e piaciuti, non contestabili".
c. Le colorazioni dei materiali presentati in campionature sono da considerarsi puramente indicative. Eventuali variazioni di colore o di tonalità sono giustificate dalla natura stessa del materiale, dalle caratteristiche dei cicli di produzione e dalle materie prime impiegate. Si consiglia pertanto di miscelare il materiale, prelevandolo da diverse scatole, e di posare il materiale con una fuga distanziatrice.
d. Decori e pezzi speciali sono forniti in tonalità differenziate dal fondo.
e. La Fabbrica S.p.A. risponde solo ed esclusivamente della levigatura e della lucidatura effettuata nei propri stabilimenti.
f. La garanzia comprende unicamente la sostituzione del materiale non posato riscontrato difettoso con esclusione di ogni ulteriore e diverse pretese.

2. ORDINI:

a. Ogni ordine trasmesso a La Fabbrica S.p.A. dal Compratore, dagli agenti rappresentanti, od incaricati è da intendersi accettato sempre salvo approvazione della direzione di La Fabbrica S.p.A. stessa.
b. Tutte le ordinazioni, anche verbali, salvo accordi contrari scritti, si intendono sempre accettate da La Fabbrica S.p.A. alle presenti condizioni generali, senza bisogno di richiamarle. In assenza di precise eccezioni scritte, si intende che il Compratore accetta integralmente le condizioni particolari e generali di vendita.

3. PREZZI:

a. I prezzi si intendono per merce resa franco stabilimento di produzione, IVA esclusa.
b. Palette tipo EURO saranno addebitate al costo di euro 10,00/cad., nel caso di mancato scambio al momento del carico.

4. CONSEGNA:

a. I termini di consegna concordati con La Fabbrica S.p.A. sono da intendersi puramente indicativi. Qualora si verifichino cause di forza maggiore, La Fabbrica S.p.A. può recedere in parte o in toto dal contratto di vendita.
b. I ritardi nella consegna non danno mai, al Compratore, il diritto di annullare il contratto, né di pretendere il risarcimento di eventuali danni diretti o indiretti.
c. La merce viaggia sempre e comunque a rischio e pericolo del compratore. La merce si intende acquistata dal Compratore franco stabilimento di produzione, anche quando il prezzo fosse franco destino. Ogni responsabilità di La Fabbrica S.p.A. cessa a carico compiuto, e non si risponde di eventuali rotture, manomissioni ed ammanchi.
d. Quando le merci pronte per la spedizione rimangono, per richiesta del Compratore, presso gli stabilimenti di La Fabbrica S.p.A., la fattura viene emessa come se la spedizione fosse avvenuta ed i materiali vengono tenuti in magazzino a rischio, pericolo e spese del Compratore.

5. PAGAMENTO:

a. I pagamenti devono essere effettuati direttamente a La Fabbrica S.p.A. nella sede di Castelbolognese (RA). La merce resta di proprietà di La Fabbrica S.p.A. sino al momento del completo pagamento del prezzo concordato.
b. Nel caso di ritardo nel pagamento totale ed anche parziale di una fattura, La Fabbrica S.p.A. salvi tutti gli altri suoi diritti, avrà facoltà di sospendere le ulteriori consegne, anche se queste fossero dovute in dipendenza di altri contratti, di spiccare tratte per l'ammontare delle fatture scadute, ed anche di pretendere l'immediato e intero pagamento di tutto il materiale ordinato, o di averlo in altro modo garantito.
c. In caso di ritardato pagamento verranno addebitati al Compratore interessi e oneri bancari ai tassi correnti del periodo di mora. Per tutto quanto non previsto nelle clausole suindicate, si rimanda alla legge italiana ed agli usi vigenti.

6. RECLAMI:

a. Non si accettano reclami per i materiali già posati in opera. Reclami per vizi e difetti del materiale devono essere denunciati e comunicati nei termini previsti dalla legge. In ogni caso di accettazione del reclamo il Compratore dovrà restituire il materiale oggetto di contestazione che verrà sostituito da La Fabbrica S.p.A. con fornitura equivalente. Tale sostituzione annulla il diritto del Compratore di chiedere la risoluzione del contratto o la riduzione del prezzo o il risarcimento di eventuali danni.
b. Qualsiasi reclamo o contestazione non implica la sospensione ed il rifiuto al pagamento delle fatture. Il pagamento dovrà effettuarsi regolarmente ed integralmente nei termini convenuti.
c. Non si accettano resi di merce se non autorizzati per iscritto da La Fabbrica S.p.A.

7. FORO COMPETENTE:

Per qualsiasi controversia il Foro competente è quello di Ravenna (Italia). Tuttavia La Fabbrica S.p.A. si riserva il diritto di agire presso il foro competente della sede del Compratore per azioni volte al recupero del credito. In tal caso troverà applicazione la legge locale.

La Fabbrica S.p.A. reserves the right to change the information and technical specifications contained in this catalogue ("Catalogue") and on the website at any time (including all downloadable documents and catalogues) which are not considered legally binding. Weights, colours and measurements may vary due to the ceramic production process. The colours and aesthetic characteristics of products are as near as possible to actual colours and characteristics, within the limits of the virtual reproduction process. La Fabbrica S.p.A. deems the information and technical specifications contained in this Catalogue to be correct and accurate; notwithstanding the presence of material errors is not excluded and the purchasers ("Purchasers") are invited to verify the information and technical specifications with their agents and area managers.

©2020 La Fabbrica S.p.A. All rights reserved. Any reproduction, whether total or partial, of the content of this Catalogue, whether text or image, is forbidden and will be prosecuted under the law.

1. PRODUCT AND WARRANTY:

a. The high temperatures used to fire ceramic stoneware can cause differences in shade and work size. Variations in the dimensions indicated shall therefore be accepted by the Purchaser, provided they are within the limits set by the UNI-EN-ISO 14411 standards.
b. La Fabbrica S.p.A. guarantees that products are compliant with current UNI-EN-ISO 14411 standards. This warranty applies to best-quality materials only; second- and third-class materials and one-off batches shall be sold "as seen and accepted" and may not be the object of claims.
c. The colouring of the sample materials presented is to be considered merely indicative. Any variations in colour or shade are due to the particular nature of the material, the characteristics of the production cycle and the raw materials used. It is therefore advisable to mix the tiles by taking them from different boxes, and separate them with a joint when laying.
d. Decorations and special trims are supplied in a different shade from the base tiles.
e. La Fabbrica S.p.A. shall be held responsible only for the smoothing and polishing processes carried out in its own factories.
f. The warranty covers only the replacement of material found to be faulty, before laying. No other claims will be taken into consideration.

2. ORDERS:

a. All orders transmitted to La Fabbrica S.p.A. by the Purchaser, by the sales agents or similar shall be deemed to have been accepted, subject to approval on the part of the management of La Fabbrica S.p.A.
b. All orders, including verbal orders, provided there are no written agreements to the contrary, shall be presumed to have been accepted by La Fabbrica S.p.A. under the general sales conditions herein, without the need to expressly make reference to such conditions. Provided there are no precise written agreements to the contrary, the Purchaser is presumed to have accepted the general and specific sales conditions in full.

3. PRICES:

a. Prices are quoted EXW, exclusive of VAT.
b. EURO type pallets will be charged at a cost of €10.00 each, in the event that the purchaser fails to provide their own for loading.

4. DELIVERY:

a. The delivery terms arranged with La Fabbrica S.p.A. are to be considered merely indicative. In the event of force majeur, La Fabbrica S.p.A. may terminate the sales contract, either completely or partially.
b. Delays in delivery do not entitle the Purchaser to terminate the contract, or to claim for any direct or indirect damages deriving from delay.
c. Goods travel at the risk and responsibility of the Purchaser at all times. Goods are understood to be bought by the Purchaser EXW, even if the price is carriage paid. La Fabbrica S.p.A.'s responsibility ends when the goods have been loaded, and La Fabbrica S.p.A. may not be held responsible for any breakages, tampering or pilfering.
d. When goods ready for delivery remain at La Fabbrica S.p.A. 's premises at the request of the Purchaser, the invoice shall be issued as if delivery had already taken place, and the materials shall be held in the warehouse at the risk, responsibility and expense of the Purchaser.

5. PAYMENT:

a. Payments must be made directly to La Fabbrica S.p.A. at its headquarters in Castelbolognese (Ravenna). The goods shall remain the property of La Fabbrica S.p.A. until the price agreed upon has been paid in full.
b. In the event of a delay in payment of an invoice or part thereof, La Fabbrica S.p.A., all other rights reserved, shall be entitled to: place any further deliveries on hold, even in the event that such deliveries are due depending on other contracts; to draw a bill of exchange for the amount of the invoices overdue, and to demand full, immediate payment for all the material ordered, or to have such payment guaranteed by alternative means.
c. In the event of delays in payment, interests and bank charges will be charged to the Purchaser at the rates applicable for the period corresponding to the delay. For all and any matters not expressly provided for in the clauses above, the Italian laws and current commercial practice shall apply.

6. CLAIMS:

a. Claims will not be accepted for materials that have already been laid. Claims for faults and defects must be reported within the terms provided for by law. For all claims accepted, the Purchaser must return the material concerned, which will be replaced by La Fabbrica S.p.A. with an equivalent supply. Where such equivalent materials have been supplied, the Purchaser is not entitled to request the termination of the contract, nor the reduction in price or the compensation of damages of any kind.
b. Any claims made do not entitle the Purchaser to suspend or refuse payment of the invoices. Payments due must be regularly made in full and in accordance with the terms agreed.
c. Returns will not be accepted without the written authorization of the manufacturer.

7. COMPETENT COURT:

For any disputes that may arise, the competent court is that of Ravenna (Italy). As an exception to the above, La Fabbrica S.p.A. reserves the right, for disputes related to credit recovery, to bring action before the competent court of the place where the Purchaser has its registered seat; in such case the Laws of such local court shall apply.

La Fabbrica S.p.A. se réserve la faculté de modifier à tout moment les informations et les caractéristiques techniques figurant sur le catalogue (« Catalogue ») et le site Internet (y compris les documents et catalogues téléchargeables via Internet), ce-qui légalement n'engage pas La Fabbrica S.p.A. Poids, couleurs et dimensions peuvent subir des variations au processus de production propres du matériel céramique. Les couleurs et les caractéristiques esthétiques des produits sont les plus proches possibles des couleurs et des caractéristiques réelles, dans les limites des moyens de reproduction virtuelle. La Fabbrica S.p.A. considère les informations et les caractéristiques techniques figurant sur le Catalogue exactes et précises ; cependant La Fabbrica S.p.A. n'exclut pas la présence d'erreurs matérielles et demande aux acheteurs (« Acheteurs ») de vérifier les informations et les caractéristiques techniques avec les commerciaux et/ou représentants.

©2020 La Fabbrica S.p.A. Tous les droits sont réservés. Toute reproduction totale ou partielles des contenus du présent Catalogue, textes et imagines, est interdite et sera poursuivie en termes de droit.

1. PRODUIT ET GARANTIE :

a. Les hautes températures de cuisson du grès cérame peuvent occasionner des différences de tonalité et de calibre. L'Acheteur déclare donc admettre et accepter les écarts de dimensions mentionnés qui, en tout état de cause, devront respecter les limites de tolérance posées par les normes UNI-EN-ISO 14411.
b. La Fabbrica S.p.A. s'engage à fournir des produits conformes aux normes UNI-EN-ISO 14411 en vigueur. La garantie ne couvre que les matériaux de premier choix. Les matériaux de deuxième et troisième choix et les occasions sont vendus « en l'état », sans possibilité de contestations.
c. Les couleurs des échantillons fournis ne sont données qu'à titre purement indicatif. Toute variation de nuance ou tonalité est justifiée par la nature du matériau, par les caractéristiques des cycles de production et par les matières premières employées. Par conséquent, il est recommandé de mélanger les carreaux des différentes boîtes et de les poser avec un joint d'écartement.
d. Les décors et les pièces spéciales sont livrés dans une autre tonalité que le fond.
e. La Fabbrica S.p.A. n'est responsable que des opérations de doucissage et de polissage effectuées dans ses usines.
f. La garantie ne couvre que le remplacement du matériau non posé réputé défectueux, à l'exclusion de toute autre indemnité.

2. COMMANDES :

a. Les commandes envoyées à La Fabbrica S.p.A.par l'Acheteur, par les commerciaux oules représentants, ne sont réputées définitives qu'après acceptation par la direction de La Fabbrica S.p.A.
b. Sauf accords écrits contraires, toutes les commandes, y compris verbales, sont toujours considérées comme acceptées par La Fabbrica S.p.A. aux présentes conditions générales, sans nul besoin de les rappeler. À défaut d'exceptions précises par écrit, l'Acheteur accepte l'intégralité des conditions générales et particulières de vente.

3. PRIX :

a. Les prix sont exprimés départ usine, hors TVA.
b. Les europalettes non rendues lors du chargement seront facturées à 10,00 €/pièce.

4. LIVRAISON :

a. Les délais de livraison fixés avec La Fabbrica S.p.A. ne sont donnés qu'à titre purement indicatif. En cas de force majeure, La Fabbrica S.p.A. peut résilier le contrat de vente en tout ou partie.
b. Les retards de livraison ne donnent jamais droit à l'Acheteur de résilier le contrat, ni de prétendre à des indemnités pour les dommages directs et indirects.
c. La marchandise voyage toujours aux risques et périls de l'Acheteur. La marchandise est réputée achetée départ usine, même si le prix est formulé port payé jusqu'au lieu de destination convenu. La responsabilité de La Fabbrica S.p.A. cesse à la fin du chargement. Dès lors, La Fabbrica S.p.A. ne saurait être tenue pour responsable des dégâts, des altérations et des pertes.
d. Lorsque la marchandise prête pour l'expédition reste dans les établissements de La Fabbrica S.p.A. à la demande de l'Acheteur, la facture est émise comme si l'expédition avait eu lieu. Les matériaux sont alors stockés aux risques, périls et frais de l'Acheteur.

5. PAIEMENT :

a. Les paiements doivent être faits directement à l'adresse de La Fabbrica S.p.A., à Castelbolognese (RA). La marchandise reste la propriété de La Fabbrica S.p.A. jusqu'au paiement intégral du prix établi.
b. En cas de retard dans le paiement de tout ou partie d'une facture, La Fabbrica S.p.A. aura la faculté d'interrompre, sans préjudice de tous ses autres droits, les autres livraisons, même des livraisons relatives à d'autres contrats, de tirer des traites pour le montant des factures échues, d'exiger le paiement immédiat et intégral de toute la marchandise commandée ou une autre forme de garantie.
c. Tout retard de paiement entraînera pour l'Acheteur des intérêts et des charges bancaires aux taux en vigueur. Pour tout autre point non expressément prévu par les clauses susvisées, les parties s'accordent à appliquer la loi italienne et les normes en vigueur.

6. RÉCLAMATIONS :

a. Nous n'admettons aucune réclamation sur les produits déjà posés. Les vices et défauts du matériau doivent être dénoncés et communiqués dans les délais de loi. Dans la mesure où la réclamation est acceptée, l'Acheteur devra rendre le matériau objet de contestation pour permettre au La Fabbrica S.p.A. de le remplacer par un lot du même type. Ce remplacement annule le droit de l'Acheteur de demander la résiliation du contrat, une remise sur le prix ou un dédommagement.
b. Toute réclamation ou contestation n'implique ni l'interruption ni le refus de paiement des factures. Le paiement devra être régulier, intégral et conforme aux conditions établies.
c. Aucun retour de marchandises ne sera accepté sans l'accord écrit de La Fabbrica S.p.A.

7. TRIBUNAL COMPÉTENT :

Tout litige sera du ressort du Tribunal de Ravenna (Italie). Cependant La Fabbrica S.p.A. se réserve le droit d'agir auprès du Tribunal de compétence du siège social de l'Acheteur pour le recouvrement de la créance. Dans ce cas, la loi locale s'applique.

La Fabbrica S.p.A. behält sich das Recht vor, jederzeit die in diesem Katalog („Katalog") enthaltenen Informationen und technischen Merkmale zu ändern die als nicht gesetzlich verbindlich zu betrachten sind. Gewicht, Farben und Abmessungen können infolge des besonderen Produktionsprozesses von Keramikprodukten typische Veränderungen aufweisen. Die Farben und ästhetischen Eigenschaften der Produkte entsprechen innerhalb der Grenzen der virtuellen Reproduktionsverfahren so weit wie möglich den effektiven Eigenschaften des Produkts. La Fabbrica S.p.A. erachtet die in diesem Katalog genannten Informationen und technischen Spezifikationen als richtig und genau; Dies schließt jedoch das Vorhandensein von Materialfehlern nicht aus und fordert die Käufer ("Käufer") auf, die Informationen und technischen Spezifikationen bei den Referenzagenten / der Werbung zu überprüfen.

© 2020 La Fabbrica S.p.A. Alle Rechte vorbehalten. Der vollständige oder auszugsweise Nachdruck des Inhalts dieses Katalogs in Schrift und Bild ist verboten und wird nach Maßgabe des Gesetzes geahndet.

1. PRODUKTGEWÄHRLEISTUNG:

a. Die hohen beim Brennvorgang zum Einsatz kommenden Temperaturen können Unterschiede beim Farbton und Werkmaß verursachen. Abweichungen von den angegebenen Maßen sind daher vom Käufer zu akzeptieren, die von der Norm UNI-EN-ISO 14411 festgelegten Toleranzen dürfen dabei jedoch nicht überschritten werden.
b. La Fabbrica S.p.A. garantiert, dass die Produkte die derzeit geltenden UNI-EN und ISO-Normen erfüllen. Die Garantie wird ausschließlich auf Material erster Wahl beschränkt. Die Materialien zweiter und dritter Wahl und Sonderposten verstehen sich verkauft „wie gesehen" und können nicht reklamiert werden.
c. Die Farbtöne der als Muster präsentierten Materialien sind nur zur Orientierung gedacht. Eventuelle Abweichungen bei Farbe und Farbton gehen auf die Natur des Materials, die Merkmale des Produktionsverfahrens und die verwendeten Rohstoffe zurück. Daher wird empfohlen die Fliesen zu mischen, indem sie verschiedenen Schachteln entnommen werden, und das Material mit einer Abstandsfuge zu verlegen.
d. Dekore und Formteile werden in Farbtönen angeboten, die sich von den Grundfliesen unterscheiden.
e. La Fabbrica S.p.A. ist nur für das im eigenen Werk erfolgte Polieren und Glanzpolieren haftbar.
f. Die Garantie umfasst nur den Ersatz des nicht verlegten, fehlerhaften Materials, sonstige Ansprüche sind ausgeschlossen.

2. BESTELLUNGEN:

a. Jede Bestellung, die von La Fabbrica S.p.A., von den Handelsvertretern oder den Bevollmächtigten an den Verkäufer übermittelt wird, versteht sich als akzeptiert, dabei wird stets vorausgesetzt, dass die Genehmigung durch La Fabbrica S.p.A. selbst erfolgt.
b. Alle Bestellungen, auch solche mündlicher Art, wenn nicht schriftlich eine abweichende Vereinbarung erfolgte, verstehen sich stets von La Fabbrica S.p.A. als zu den allgemeinen Geschäftsbedingungen akzeptiert, ohne dass eine Erinnerung erfolgen muss. Wenn keine genauen schriftlichen Ausnahmen vereinbart wurden, versteht es sich, dass der Käufer umfassend die allgemeinen Geschäftsbedingungen akzeptiert.

3. PREISE:

a. Die Preise verstehen sich für Waren ab Herstellungswerk, zuzügl. Mehrwertsteuer.
b. EURO-Paletten werden zum Preis von 10,00 EUR/Stück berechnet, falls bei der Beladung kein Austausch erfolgt.

4. LIEFERUNG:

a. Die mit La Fabbrica S.p.A. vereinbarten Lieferbedingungen dienen nur zur Orientierung. Bei Fällen Höherer Gewalt, kann La Fabbrica S.p.A. ganz oder zum Teil vom Kaufvertrag zurücktreten.
b. Lieferverspätungen geben dem Käufer in keinem Fall das Recht, vom Vertrag zurückzutreten oder einen Schadensersatz für eventuelle mittelbare oder unmittelbare Schäden zu verlangen.
c. Die Ware wird stets auf Risiko des Käufers transportiert. Die Ware versteht sich vom Käufer als ab Werk erworben, auch wenn der Preis sich frei Bestimmungsort versteht. Jede Haftung von La Fabbrica S.p.A. endet nach der erfolgten Beladung, der Verkäufer haftet nicht für einen eventuellen Bruch, die Manipulation und das Fehlen von Material.
d. Wenn die bereits lieferfertige Ware auf Wunsch des Käufers im Werk von La Fabbrica S.p.A. verbleibt, wird die Rechnung ausgestellt, als ob die Fracht erfolgt wäre und die Materialien werden auf Gefahr, Risiko und Kosten des Käufers im Lager aufbewahrt.

5. ZAHLUNGSBEDINGUNGEN:

a. Die Zahlungen müssen direkt an La Fabbrica S.p.A. an den Firmensitz in Castelbolognese (RA) erfolgen. Die Waren bleiben Eigentum von La Fabbrica S.p.A., bis die vollständige Zahlung des vereinbarten Preises erfolgt ist.
b. Sollte die Gesamt- oder Teilzahlung einer Rechnung verspätet erfolgen, ist La Fabbrica S.p.A., vorbehaltlich anderer Ansprüche, berechtigt, weitere Lieferungen einzustellen, auch wenn diese sich auf andere Verträge beziehen, Wechsel auf den Betrag der fälligen Rechnungen auszustellen und auch die sofortige und gesamte Zahlung des gesamten bestellten Materials zu verlangen, oder eine anderweitige Garantie zu erhalten.
c. Bei einer Zahlungsverzögerung werden dem Käufer Verzugszinsen und Bankgebühren zu den aktuellen Tarifen in Rechnung gestellt. Für alles, was in den obigen Klauseln nicht vorgesehen ist, wird auf das Italienische Recht und üblichen Gepflogenheiten verwiesen.

6. REKLAMATIONEN:

a. Es werden keine Reklamationen für bereits verlegte Fliesen akzeptiert. Reklamationen für Materialmängel und –fehler müssen im Rahmen der gesetzlichen Bestimmungen mitgeteilt werden. Wird eine Reklamation genehmigt, muss der Käufer das Material, das Gegenstand der Beanstandung ist, zurücksenden. Dieses wird von La Fabbrica S.p.A. durch eine entsprechende gleichwertige Lieferung ersetzt. Der Ersatz des Materials macht das Recht des Käufers auf eine Auflösung des Vertrags oder eine Preisermäßigung, bzw. einen Schadensersatz unwirksam.
b. Keine Reklamation oder Beanstandung rechtfertigt eine Zahlungseinstellung oder eine Verweigerung, die Rechnungen zu zahlen. Die Zahlung hat ordnungsgemäß und vollständig zu den vereinbarten Bedingungen zu erfolgen.
c. Warenrückgaben werden nicht akzeptiert, wenn diese nicht vorher schriftlich von La Fabbrica S.p.A. genehmigt wurden.

7. GERICHTSSTAND:

Gerichtsstand für alle Streitigkeiten ist Ravenna (Italien). La Fabbrica S.p.A. behält sich das Recht vor, bei dem zuständigen Gericht am Sitz des Käufers Klage auf Rückforderung von Krediten zu erheben. In diesem Fall gilt das örtliche Recht.

NOTE GENERICHE **SUI PRODOTTI**

General information on the products . Notes generales sur les produits . Allgemeine angaben zu den produkten .

La Fabbrica S.p.A. si riserva di apportare, senza alcun preavviso, le modifiche che riterrà più opportune al fine di migliorare il prodotto.
Quanto riportato è da considerarsi indicativo e non esaustivo in riferimento ai colori e alle caratteristiche estetiche dei prodotti.
La Fabbrica S.p.A. reserves the right to make any changes it deems fit in order to improve the product, without prior notice.
All images are provided for illustrative purposes only and other colours and aesthetic features are available. La Fabbrica S.p.A. se réserve le droit d'apporter, sans préavis, les modifications qu'elle jugera opportunes afin d'améliorer le produit.
Les informations ci-dessus sont fournies à titre indicatif et elles ne sont pas contraignantes en ce qui concerne les couleurs et les caractéristiques esthétiques des produits.
Die Firma La Fabbrica S.p.A. behält sich vor, ohne jegliche vorherige Ankündigung jene Änderungen vorzunehmen, die sie zur Verbesserung des Produktes für angebracht hält. Die Angaben sind bezüglich der Farben und ästhetischen Eigenschaften der Produkte als Richtwerte und nicht als vollständig anzusehen.

Le cromie, le strutture e le grafiche delle piastrelle riprodotte nelle immagini del catalogo potrebbero non corrispondere fedelmente al prodotto industriale.
The colours, structures, and patterns of the tiles illustrated in the catalogue might not correspond exactly to the actual product.
Les tonalités, les structures et les graphismes des carreaux reproduits sur les images du catalogue pourraient ne pas correspondre fidèlement au produit industriel.
Es ist möglich, dass die im Katalog abgebildeten Fliesen in Bezug auf Farbton, Struktur und Grafik vom Industrieerzeugnis abweichen.

3 **ATTENZIONE: Per particolari installazioni potrebbero essere necessari articoli ed accessori specifici non presenti in questo catalogo. Per queste esigenze prego riferirsi direttamente al referente commerciale La Fabbrica.**
N.B. Particular items and accessories not listed in this catalogue may be required for certain laying methods. For these needs, please contact the La Fabbrica sale sales directly.
ATTENTION: Pour les installations particulières, certains articles et accessoires particuliers qui ne sont pas indiqués dans ce catalogue pourraient être nécessaires. Dans ces cas-là, nous vous prions de vous référer directement à la référence commerciale La Fabbrica.
ACHTUNG: Für besondere Installationen können besondere Artikel oder Sonderzubehör notwendig sein, die nicht im vorliegenden Katalog aufgeführt sind. Wenden Sie sich bitte in diesen Fällen direkt an den Vertrieb von La Fabbrica.

4 **I pesi riportati in tabella sono indicativi in quanto possono subire leggere variazioni per motivi produttivi.**
The weights stated in the chart are approximate as some changes may be necessary for production reasons.
Les poids figurant dans le tableau sont fournis à titre indicatif car ils peuvent subir de légères variations pour des raisons de production.
Die in der Tabelle aufgeführten Gewichte sind nicht bindend, da sie aus Produktionsgründen leichte Änderungen aufweisen können.

5 **Tra i fondi di spessore 8,8, e 20 mm non si garantisce l'abbinabilità.**
We cannot guarantee tonal matches between the same background tiles with different thickness (8,8,10 or 20 mm).
Les assortiments des tons ne sont pas garantis pour les fonds d'une épaisseur de 8,8, 10 et 20 mm.
Bei Bodenfliesen mit einer Stärke von 8,8, 10 und 20 mm wird keine Einheitlichkeit der Farbtöne garantiert.

6 **Per il gradino non si garantisce la stessa tonalità del fondo.**
We cannot guarantee that the shade of the stair tile will be the same as the background tile.
Pour la marche, nous ne garantissons pas la même tonalité du fond.
Für die Stufe wird nicht der gleiche Farbton der Grundfliese garantiert.

7 **La tonalità del colore della piastrella nelle finiture liscia e strutturata potrebbe essere leggermente dissimile.**
The colour shading of smooth and structured finishing may vary slightly.
La tonalité de la couler du carreau dans les finitions lisses et structurées peut être légèrement différente.
Bei der Farbtönung von Fliesen mit glatter oder mit strukturierter Oberfläche kann es zu leichten Abweichungen kommen.

8 **In caso di posa modulare il grado di stonalizzazione del pavimento potrebbe aumentare rispetto ad una posa monoformato.**
On pattern sizes floors the shading may result being more intense than on a single format floor.
En cas de pose modulaire, le degré de tonalisation du carrelage pourrait augmenter par rapport à une pose monoformat.
Bei der Modulverlegung könnte sich der Grad der Tonalisierung im Vergleich zur Verlegung nur eines Fliesenformates erhöhen.

9 **Tutti i decori si abbinano al fondo ma possono essere di tonalità diverse.**
All decorations match the base but may be of a different tone.
Tous les décors sont assortis au fond, mais les tonalités peuvent être différentes.
Alle Dekore passen zum Untergrund, können jedoch unterschiedliche Farbtöne aufweisen.

10 **Si consiglia fortemente di pulire bene la superficie delle piastrelle strutturate immediatamente dopo aver fugato il pavimento. questa operazione eviterà al materiale usato per la fuga di solidificarsi all'interno delle cavità presenti nella superficie della piastrella.**
We strongly recommended you thoroughly clean the surface of textured floor tiles immediately after filling the
joints. This will prevent the filler solidifying in the cavities found in the tiles' surface.
Il est vivement recommandé de bien nettoyer la surface des carreaux structurés, immédiatement après le jointoyage. Cette opération empêchera le matériel utilisé pour le jointoyage de se solidifier à l'intérieur des cavités présentes à la surface des carreaux.
Es wird dringend geraten, die Oberfläche der strukturierten Fliesen sofort nach dem Verfugen des Bodenbelags gut zu reinigen. Dieser Vorgang verhindert, dass das zum Verfugen verwendete Material innerhalb der in der Fliesenoberfläche vorhandenen Hohlräume aushärten kann.

11 **Decori con vetro e graniglie. Le decorazioni mediante l'applicazione dei vetri e delle graniglie vetrose sulle piastrelle ceramiche possono presentare delle irregolarità nella distribuzione di dette graniglie, questo non pregiudica l'effetto estetico del prodotto, ma anzi ne esalta le caratteristiche.**
Decors with glass and glass-grit. The decors produced by the application of glass and glass grit on ceramic tiles may have an irregular distribution when utilising the glass grit. This technique does not compromise the aesthetic effect of the decor and moreover it does enhance its technical features.
Décors avec pâtes de verre. Les décors fabriqués en appliquant des pâtes de verre sur les carreaux céramiques peuvent résenter une distribution irrégulière de ces pâtes; ceci n'empêche pas l'effet esthétique du décor, mais au contraire améliore ses caractéristiques.
Dekore mit Buntglas und Spliteinsteuerungen. Diese serie ist dekoriert mit buntglas und spliteinsteuerungen. Bei der Anwendung dieser körnigen Glas Split Anteile, können optische, so wie strukturelle Unregelmäßigkeiten bei der Verteilung in der Oberfläche auftreten. Dies gilt als gewünschter Effekt, zur zusätzlichen ästhetische Aufwertung des Produkts.

12 **Per un risultato ottimale si consiglia di utilizzare durante la posa i cunei.**
For a perfect result, we recommend you use wedges during laying.
Nous conseillons d'utiliser les coins durant la pose pour un résultat optimal.
Für ein ausgezeichnetes Ergebnis wird empfohlen, bei der Verlegung die Keile zu verwenden.

13 **Si consiglia di mantenere una fuga di 2 mm per la posa in monoformato degli articoli rettificati.**
Si consiglia di mantenere una fuga di 3 mm per la posa in multiformato (da 2 formati e oltre) degli articoli rettificati. Si consiglia di mantenere una fuga di 4 mm per la posa degli articoli con bordi non rettificati.
If you are laying same sized straightened-edged tiles, we recommend you keep a 2 mm joint. If you are laying different sized straightened-edged tiles (two or more sizes) together, we recommend you keep a 3 mm joint.
In the case of non-straightened-edged tiles, we recommend you keep a 4 mm joint.
On conseille de préserver un joint de 2 mm pour la pose en mon format des articles rectifiés.
On conseille de préserver un joint de 3 mm pour la pose en multiformat (de 2 formats et plus) des articles rectifiés. On conseille de préserver un joint de 4 mm pour la pose des articles présentant des bords non rectifiés.
Es wird geraten, eine Fuge von 2 mm bei der Verlegung der geschliffenen Artikel im Einzelformat einzuhalten. Es wird geraten, eine Fuge von 3 mm bei der Verlegung der geschliffenen Artikel als Multiformat (2 Formate und mehr) einzuhalten.
Es wird geraten, eine Fuge von 4 mm bei der Verlegung der Artikel mit ungeschliffenen Rändern einzuhalten.
