SICIS  
THE ART MOSAIC FACTORY

## **R**iflessi, bagliori, colori, iridescenze.

È la collezione Colibrì con cui Sicis amplia la sua caleidoscopica capacità di sorprendere e di dare un volto diverso all'architettura e all'abitare contemporaneo.

Lusso, eleganza, stile: tre parole che sintetizzano l'unicità di una collezione destinata a coloro che desiderano per sé ciò che altri possono solo sognare. Citazione colta, capacità di attingere dalla storia e farsene interpreti "contemporanei". Così si presenta la proposta Artistic della collezione Colibrì, ennesima occasione per Sicis di dimostrare la sua abilità creativa e la sua maestria tecnica. Il mosaico è qui proposto rigorosamente "su disegno" con la precisa volontà di proporre "arte" prima ancora che perizia. L'anima di Sicis, quindi, è fedele a un principio universale che vede nella ricerca del "bello" il punto di massima tensione. Lo raggiunge attraverso la scelta di materiali preziosi (pietre, marmi e inserti particolari) attraverso la composizione di motivi decorativi unici dal "sapore" antico e senza tempo, attraverso la capacità produttiva, tecnologica e la perizia nella posa in opera. Con risultati perfetti. Ma ciò che è davvero sorprendente è la sua versatilità. Qualsiasi sia la proposta, dal classico al contemporaneo, Sicis non teme concorrenza, dimostrando di essere avanguardia in qualsiasi ambito decida di rappresentarsi.

## **R**eflexes, glows, colours, iridescence.

*That's the Colibrì collection. That's Sicis enhancing its kaleidoscopic ability to surprise and give modern architecture and living a new look.*

*Luxury, elegance, style: three words summing up the uniqueness of a collection for those wanting for themselves what others can only dream of. Learned quotations, the ability to dip into history and become its modern interpreter. That's how the Artistic line of the Colibrì collection comes across; a further way for Sicis to prove its creative ability and technical mastery. Here the mosaic is rigorously "by design" aimed specifically at proposing "art" over expertise. Thus, the Sicis spirit remains faithful to that universal principal where searching for what is "beautiful" is the maximum point of tension. Achieved through its choice of precious materials (stone, marble and special inserts) through creation of unique decorations with an antique, timeless "taste"; through its productive and technological ability and skilled installation. With perfect results. But what really surprises you is its versatility. Whatever the proposal be, from classical to modern, Sicis fears no competition, proving to be in the forefront in any sector it chooses.*

# Index

The background is a dense mosaic of small green tiles. Overlaid on this are large, stylized patterns in black and brown. These patterns include swirling acanthus-like scrolls, leaves, and circular floral motifs with concentric petals. The overall effect is a rich, textured, and ornate design.

## Spettacolare la sua declinazione in versione “virtuale”.

Le tessere si presentano come pixel di un ipotetico monitor, e vanno a comporsi in infiniti decori, segni, cromie. Ne derivano superfici che propongono giochi percettivi indagati già dalla corrente pittorica dei “divisionisti” e che qui prendono direzioni inaspettate.

Il limite allo sperimentalismo, per Sicis, non esiste e lo dimostra creando una sorta di “Domino” dove le tessere segnano le superfici, le colorano, le accendono e ne scompongono l’immagine, modificandone la visione. Così nulla resta immoto negli spazi abitati dai suoi mosaici. Tutto è metamorfosi, come l’anima e la vena creativa di Sicis. Proposta perfetta per quei luoghi che chiedono di essere speciali, di tendenza e interpreti del proprio tempo. Non solo ambiti domestici quindi. Ma discoteche, aree di transito (stazioni, metrò) bar, hall di alberghi e spazi dove nulla può essere banale e prevedibile.

## *The “virtual” version is spectacular.*

*Tessera combine like the pixels of a monitor, creating infinite decorations, signs, colour combinations. The images created look like those analysed by the “Divisionism” pictorial current, going here in unexpected directions.*

*For Sicis, experimentalism has no limits and proves it by creating a “Domino” where the tiles mark the surfaces, colour them, light them up and break up the picture, continuously changing our vision of it. Nothing stays immovable in the spaces lived by its mosaics. Everything is metamorphosis, like the Sicis creative soul and spirit. It’s a perfect proposal for those special, trendy places interpreting their times. Not just for homes. But discotheques, transit areas (stations, subways) bars, hotel halls and spaces where nothing should be banal and predictable.*
