SICIS

Quando abbiamo cercato di sintetizzare i tratti della nostra identità, di esprimere e rendere immediatamente evidenti i confini di SICIS rispetto ai suoi interlocutori e al resto del mercato, abbiamo scelto due pilastri fondamentali, i binari lungo i quali l'impegno e la promessa SICIS percorrono fin dall'inizio la propria strada. Ma se "Factory" evoca immediatamente il senso di una straordinaria capacità produttiva, il ritmo e la forza con cui un'ispirazione può tradursi in azione, il termine "Art" merita un momento di attenzione in più.

Parlare di Arte eccede il senso di un'artigianalità perfezionata, nel nostro caso quella del mosaico, come eccede il senso che qualcuno intende ancora attribuirle, un tempo e uno spazio di intensificazione, di discontinuità col quotidiano.

Da sempre interpretiamo l'Arte ben oltre la forma in cui si esprime, più in fondo, totalmente, lungo tutto il processo in cui riesce a compiersi: è qui che "Art" e "Factory" si incontrano. Ecco perché da noi il tema della responsabilità sociale di impresa e della sostenibilità ambientale non rappresenta un valore perduto da recuperare, né tantomeno una bandiera da sventolare con clamore. Perché anche questo è parte della nostra natura, del nostro modo di fare Arte, nel mosaico, come in tutto quello che sta a monte e a valle di esso.

Sottolineare il fatto che SICIS non ha mai utilizzato lavoro minorile o illegale, sarebbe come sottolineare che un mosaico è fatto di tanti frammenti. Ovvio. Tutto quello che viene realizzato in SICIS nasce nei suoi laboratori dalle mani dei suoi maestri d'arte senza alcun tipo di delocalizzazione, con l'impiego di risorse locali e nel rispetto delle più restrittive norme in materia di tutela del lavoro e dell'ambiente. Da sempre, a tutti i costi, vero Made in Italy. Non c'è niente di eccezionale nell'aver a cuore l'Uomo e la Natura. Semplicemente è naturale che sia così e non potrebbe essere altrimenti per chi intende fare Arte e se ne prende la responsabilità.

Chiunque desideri saperne di più non esiti a contattarci tramite e-mail: "[responsabilmente@sicis.com](mailto:responsabilmente@sicis.com)". Saremo lieti di rispondervi.

*When we tried to summarize the traits of our identity, expressing and highlighting SICIS's boundaries compared with its interlocutors and the rest of the market, we chose two essential mainstays, the tracks that SICIS's undertaking and promise have been running along since the very start of its journey. If the word "Factory" immediately recalls a sense of outstanding production skills, the rhythm and strength that allow inspiration to translate into action, the word "Art" is worth a little more attention.*

*When we talk about Art we go beyond the sense of specialized craftsmanship – in our case that of the mosaic – and we also go beyond the meaning that is still associated with art: an intensification of time and space, inconsistency of everyday life.*

*We have always interpreted "Art" well beyond its form of expression, deep down, completely, throughout the whole process in which it can complete itself: this is where "Art" and "Factory" meet. And this is why corporate social responsibility and environmental sustainability are not regarded as a lost value to be recovered, and least of all as a banner to be shown off far and wide. Because this is also a component of our nature, of our way of "Doing Art", in mosaics, as everything that is up and downstream of it.*

*To state the fact that SICIS has never used child or illegal labour, is like stating that a mosaic is the product of a great many fragments. It is obvious. Everything that takes place in SICIS is created by the hands of master artists in our laboratories. We do not believe in outsourcing. Instead, we use local resources, ensuring we always comply with the strictest standards in terms of health and safety at work and protecting the environment. Always, at all costs, true Made in Italy. There is nothing exceptional in having Man and Nature at Heart. It is simply quite natural that this is the way things are. Indeed, it could be no other way for those intending to work with Art and looking to shoulder our responsibilities.*

*For more details, please do not hesitate to contact us by sending an e-mail to: "[responsabilmente@sicis.com](mailto:responsabilmente@sicis.com)". We will be glad to help you.*
