I COSMATI

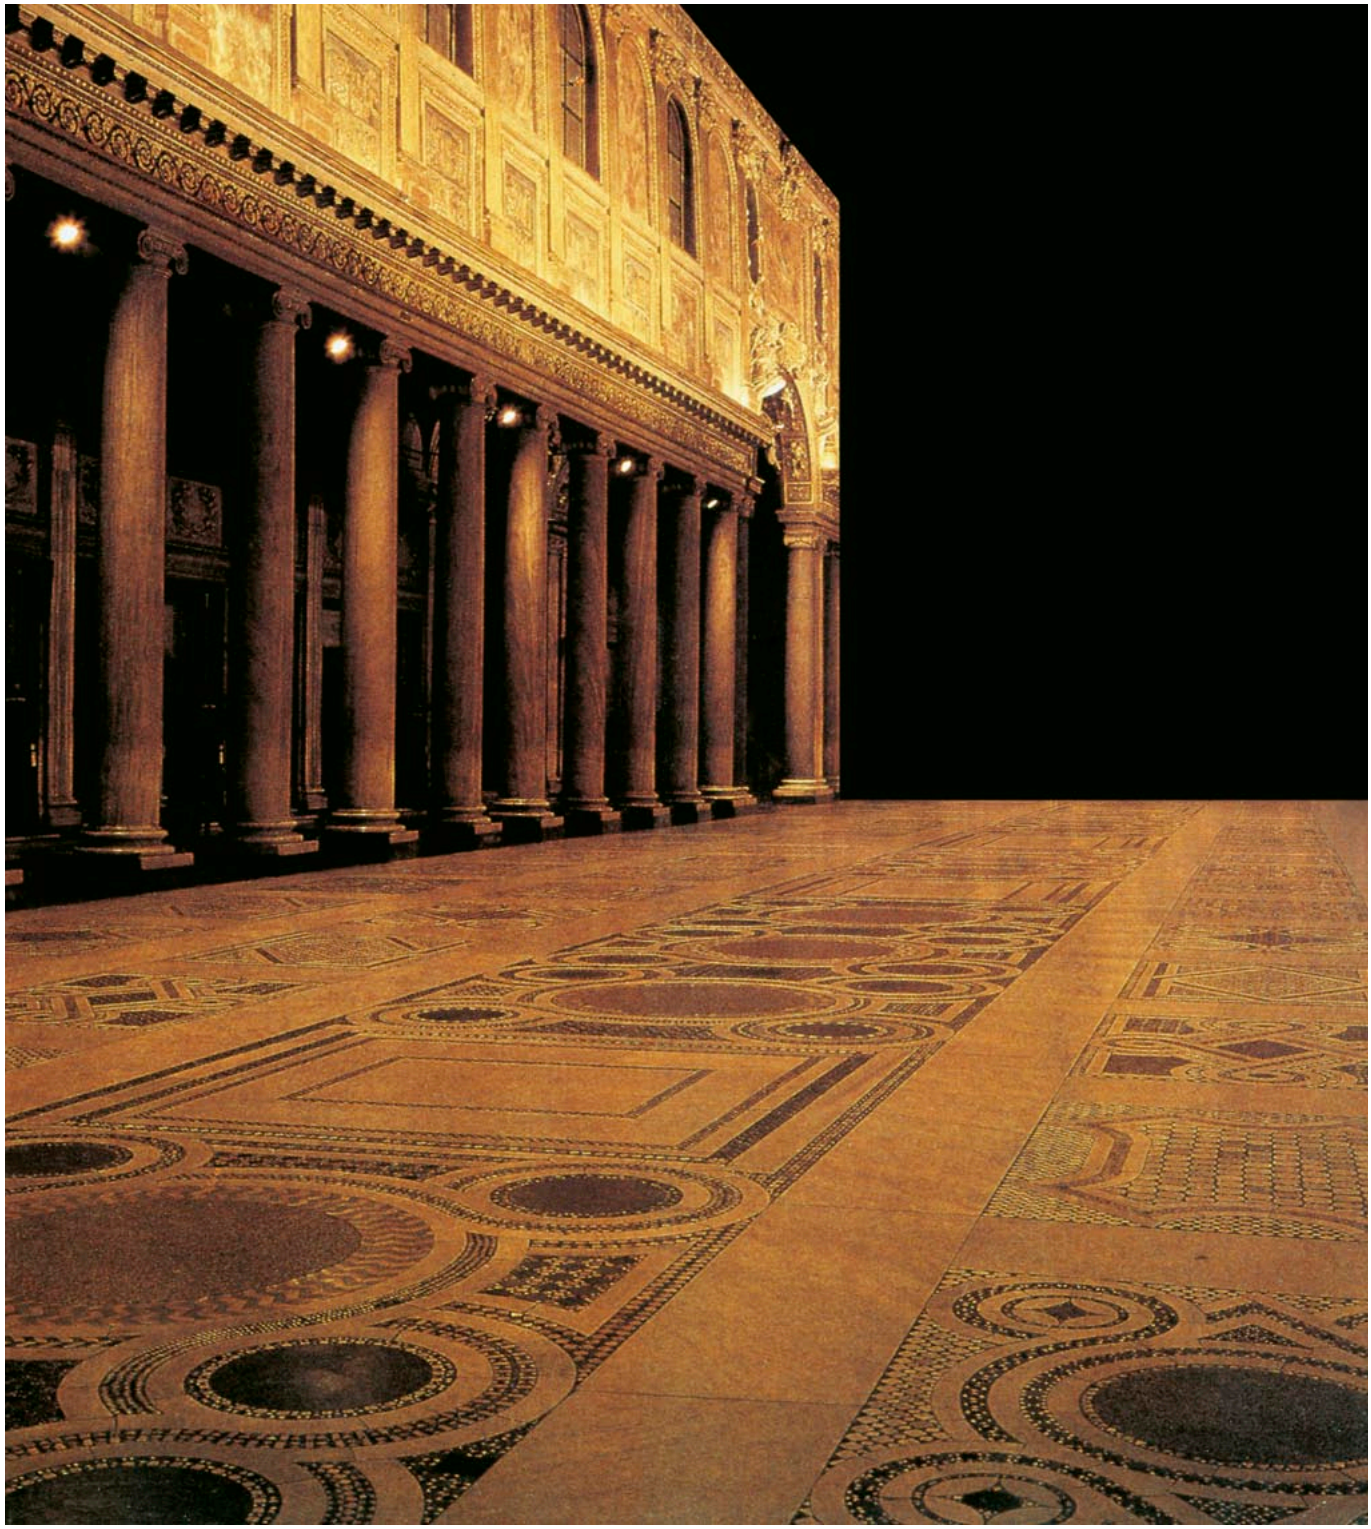
Arte e memoria percorrono la superficie levigata dal tempo, posano passi leggeri su tappeti di marmo e indugiano in un gioco intrigante di forme e colori alla ricerca di armonie eterne.

Ispirata alla sapienza artigiana della famiglia Cosmati, questa collezione raccoglie la stessa maestria che da Lorenzo a Jacopo, da Deodato a Giovanni si tramandò a Roma per quattro generazioni tra il XII e il XIII secolo e che ancora oggi affascina chi, attraversando le navate delle più belle basiliche romaniche, volge lo sguardo ai propri piedi. I mosaici pavimentali cosmateschi conquistano lo sguardo e l'emozione; le geometrie e la padronanza della tecnica si perfezionano nel pregio dei materiali e si esprimono in una vera e propria esperienza estetica. Un fascino talmente straordinario che già durante il Medioevo si spinse ben oltre i confini di Roma e giunse fino a posarsi al cospetto dell'altare dell'Abbazia di Westminster a Londra.

THE COSMATI

Art and memory run through the surface smoothed by time, laying light steps on marble carpets and lingering over an intriguing play on shapes and colours in the search for eternal harmony.

Inspired by the artisan knowledge of the Cosmati family, this collection blends the same mastery that from Lorenzo to Jacopo, from Deodato to Giovanni, has been handed down in Rome for four generations through the 12th and 13th centuries. A mastery that still today continues to fascinate those who walk through the naves of the most beautiful Romanesque basilicas and turn their gaze to their feet. The Cosmati floor mosaics conquer both eyes and emotions. The geometries and the masterful technique are perfected in the prestigious materials, expressed in a true aesthetic experience. An all-extraordinary fascination that in the Middle Ages was already well beyond the boundaries of Rome, stretching as far as to cover the altar of London's Westminster Abbey.

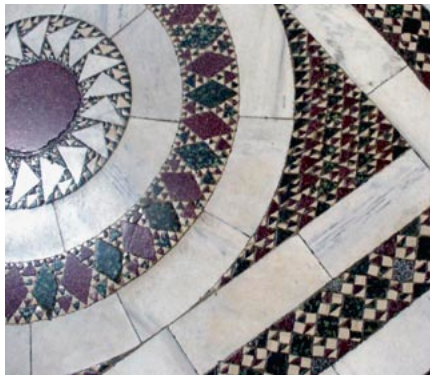


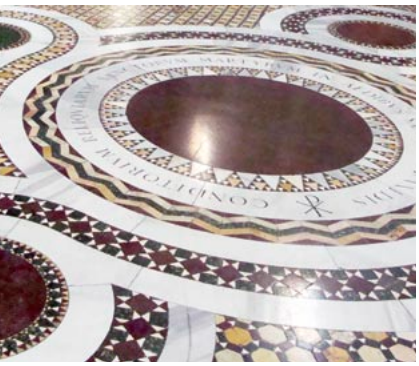
LA STORIA

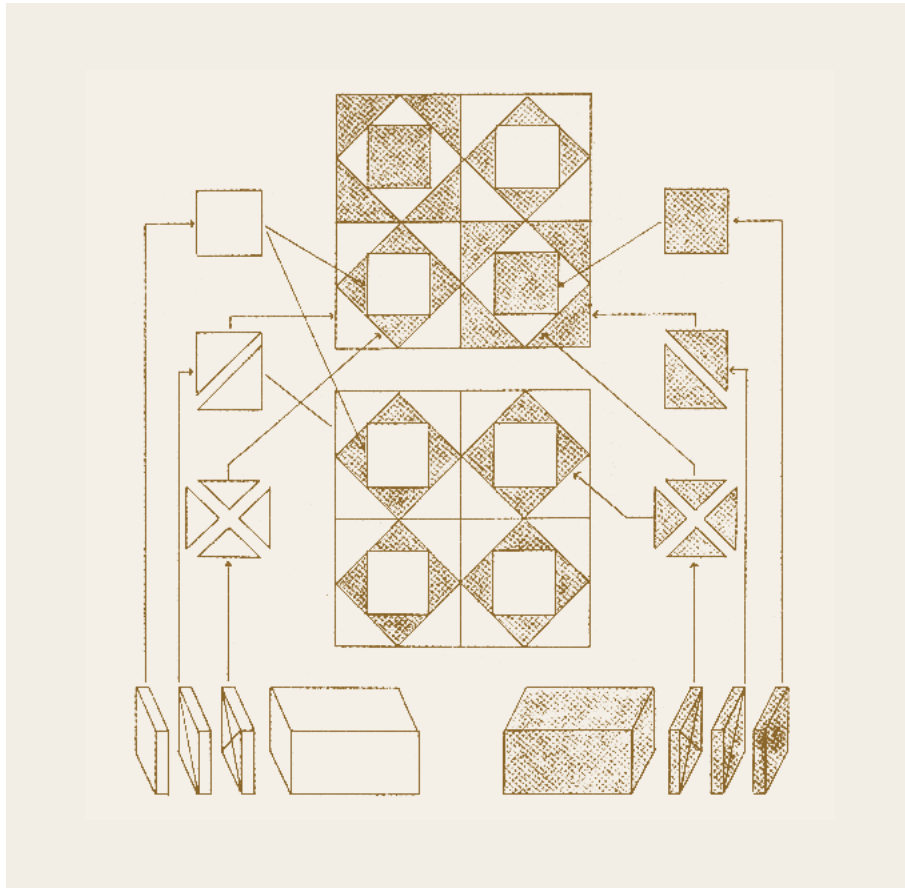
La tradizione compositiva cosmatesca si sviluppa principalmente secondo 2 modelli: la "Guilloche" che scandisce la sequenza di elementi circolari disposti linearmente, e la "Quinconce" che compone simmetricamente 4 cerchi disposti intorno a un elemento circolare centrale. Ogni fascia, ogni spazio residuale, viene riempito con maestria scomponendo e ricomponendo elementi geometrici elementari fino a saturare la superficie. Forme pure, rotazioni e simmetrie disegnano lo spazio secondo un perfetto ordine matematico e ispirano, a distanza di quasi mille anni, inattesi percorsi emotivi. La ricerca sui materiali e sulla tecnologia permettono oggi a Sicis di esplorare l'arte del mosaico cosmatesco e di proiettarlo verso nuove interpretazioni. Dal marmo statuario al marmo nero, intarsi di vetro, trattamenti superficiali lucidanti od opacizzanti, perfino l'effetto anticato del marmo bocciardato. La Collezione Cosmati offre un orizzonte di applicazione vastissimo, adatta ai gusti e alle più diverse esigenze progettuali sia per ambienti interni che esterni. Soluzioni tradizionali e due novità esclusive: le linee Bianco totale e Nero assoluto capaci di regalare straordinari effetti cromatici su un'unica dominante di colore grazie all'alternanza di superfici lucide e opache, all'intarsio del vetro spessorato e iridescente.

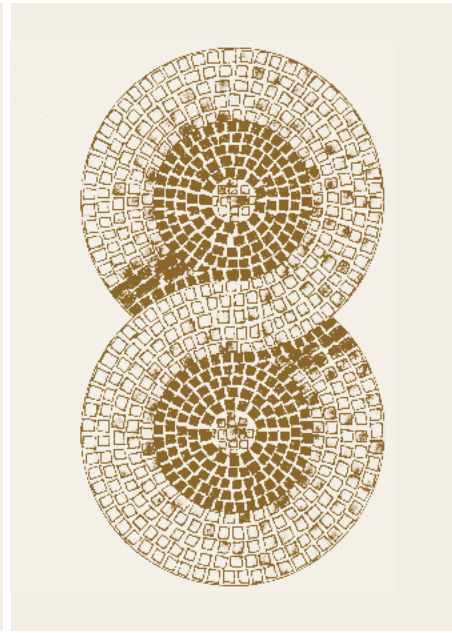
THE HISTORY

The Cosmati compositor tradition mainly develops over 2 models: 'Guilloche' marking out a sequential linear arrangement of circular elements, and 'Quinconce', symmetrically laying out 5 circles arranged around a central circular element. Each band, each residual area is expertly filled, recomposing basic geometric elements, filling the surface. Pure forms, rotations and symmetries design the space according to perfectly mathematical order, and inspire, almost a thousand years later, unexpected exciting routes. The research into materials and technology, today allow Sicis to explore the art of Cosmati mosaic, projecting it towards new interpretations. From statue marble to black marble, glass engraving, surface polish or matt finishes, through to the antique effect of the hammered marble. The Cosmati collection offers up a vast horizon of application, suited to the greatly varied designs needs and tastes, for both indoor and outdoor use. Traditional solutions and two exclusive new features: the total White and absolute Black lines giving rise to extraordinary chromatic effects on a single colour dominant, thanks to the alternation of polished and matt surfaces, the thickened iridescent glass engraving.









Sicis riprende l'antica Collezione Cosmati, uno dei suoi punti di forza dell'esordio sul mercato internazionale. Reinterpretata in una chiave più moderna mantiene inalterate le caratteristiche estetiche della prima versione ed a queste unisce materie e finiture di gusto contemporaneo.
La Collezione si compone di tinte unite e decorazioni raccolte in cinque capitoli colore: White, Grey, Black, Black and White e Beige.
I formati della tinta unita - tutti in multiplo tra loro permettendo quindi composizioni personalizzate - sono il 7,3x14,8 - 14,8x14,8 - 29,8x29,8 - 14,8x44,8 - 44,8x44,8 - 59,8x59,8 e 44,8x89,7.
Ai Marmi ed alle Pietre Naturali - protagoniste della prima Collezione - Sicis unisce la bellezza dello Smalto in Pasta Vitrea di Murano disponibile fino al formato 29,8x29,8 e utilizzato all'interno delle decorazioni anche con finitura iridescente. La superficie lucida e ondulata crea effetti di straordinaria bellezza unita alla materia lapidea proposta nelle finiture lucida e opaca. Gli elementi che compongono la pavimentazione, pur somigliando nella forma, possono presentare piccole differenze anche nello spessore, sbrecciature e imprecisioni tipiche di questa collezione.
La pavimentazione è il risultato dell'insieme e non la valutazione del singolo elemento. Il presente catalogo è comunque indicativo - nelle sue fotografie - delle peculiarità di questa collezione.
Lo Smalto in Pasta Vitrea e il Marmo sono materie delicate e la loro movimentazione deve essere fatta con cautela per non danneggiare il prodotto. In particolare nell'operazione di apertura degli imballaggi e di spostamento del contenuto si deve fare in modo che i bordi dei pezzi non vengano in contatto tra loro perché potrebbero sbrecciarsi. Si consiglia - soprattutto nel caso di decorazioni di dimensioni superiori al formato di cm. 29,8x29,8 - di movimentare i pezzi sollevandoli sempre da un solo lato.

Gli articoli sono tutti montati su rete per una posa più facile e veloce.

Si consiglia di verificare sul catalogo o sul listino lo spessore perché a seconda del tipo di materiale questo può risultare 1 cm oppure 2.

Sicis recalls the Cosmati Collection in one of the showpieces of its debut on the international market. The aesthetic features of the original version have been maintained in this modern reinterpretation with contemporary materials and finishes.
The Collection is composed of plain colours and decorations included in five colour chapters: White, Grey, Black, Black and White and Beige.
The plain colour formats - which are all multiple of each other to allow customised compositions - are: 2 7/8"x5 7/8" - 5 7/8"x5 7/8" - 11 3/4"x11 3/4" - 5 7/8"x17 5/8" - 17 5/8"x17 5/8" - 23 1/2"x23 1/2" and 35 3/8"x17 5/8".
The main features of the first Collection were marble and natural stones, to which Sicis has added the beauty of Murano vitreous paste varnish, available up to 11 3/4"x11 3/4" format, which is also used in the decorations with iridescent finish.
The gloss and corrugated surface of this material creates extraordinary effects together with the stone material available in gloss and matt finishes.
Although they have similar shapes, the elements composing the flooring may present slight thickness differences, cracks or other typical imperfections of the Collection.
Therefore, it is the ensemble and not the single element that creates the flooring. This catalogue presents the collection features through its photographs.
Vitreous Paste Varnish and Marble are fragile materials and should be handled with care to prevent any damage. In particular, when opening the packages and moving the content, it is important that the edges of the various pieces do not come into contact with one another to prevent any cracks.
Especially for decorations with format over 11 3/4"x11 3/4", we recommend handling the pieces by lifting them up from only one side.

All the items are net-mounted to ensure a quick and easy laying.

We recommend checking the thickness on the catalogue or on the price list, since it could be Ø 3/8" or Ø 3/4" depending on the material.

BLACK COSMATI

Il nero assoluto. Il lusso supremo.
È buio e bagliore di stelle.
Il marmo è scuro, raro e prezioso.
Il nero è profondo, come smalto e inchiostro.
Le fughe sono invisibili. Una superficie quasi irreale,
dove il decoro si mostra e scompare,
in un gioco di cangianze, riflessi e venature.

Absolute black. Supreme luxury.
Dark and starry glare.
The marble is dark, rare and precious.
The black is deep, like enamel and ink.
Seamless. An almost unreal surface,
where decor shows itself and then hides away,
in a play on changes, reflections and veining.

BLACK COSMATI

Un bagno di luna, la notte,
dentro uno specchio d'acqua.
Il nero, deciso, si infrange
sulla luce e la assorbe.
È evoluzione, avanguardia,
contemporaneità.
Lusso, possesso, ricchezza.
Potenza del nero.

A moonlight swim, night
in mirrored water.
Black, decisive, encroaches
on the light, absorbing it.
This is evolution, avant-garde,
contemporary.
Luxury, possession, wealth.
The power of black.

GREY COSMATI

L'eleganza dei grigi:
moderna, perfetta e sofisticata.
Il marmo sperimenta il linguaggio
della contemporaneità.
Si fonde con l'acciaio o si combina con il legno.
Lo spazio è aperto e metropolitano.
Il lusso è funzionale e tecnologico.

The elegance of greys:
modern, perfect and sophisticated.
Marble experiments the language
of the contemporary.
Blending with steel or joining with wood.
Space is open and metropolitan.
Luxury is practical and technological.

WHITE COSMATI

Un impero di bianchi purissimi…
latte, smalto di vetro di Murano, avorio.
Un intarsio di marmi
screziati da fili di perle.
Il lusso è un disegno di pizzo sottile.

An empire of pure white…
milk, Murano glass enamel, ivory.
An intarsia of marbles
speckled with rows of pearls.
Luxury is a slim lace design.

BEIGE COSMATI

Una sinfonia di toni medi e non colori.
Un'eleganza soffice e rilassata.
L'effetto è di riposante leggerezza,
come nei colori della sabbia, dei legni o della terra.
Geometrie morbide, smussate
dalla dolcezza degli sfumati
e degli effetti tono su tono.

A symphony of medium tones and non-colours.
Soft, relaxing luxury.
The effect is restful lightness,
like in the colours of sand, wood or earth.
Soft geometries, smoothed
by the sweetness of the shades
and the ton-sur-ton effects.
