400 TABLE

DESIGNED BY MASSIMILIANO RAGGI

Un tavolo che esprime l'impegno di SICIS nel raggiungere l'originalità estetica attraverso la ricerca e l'innovazione tecnologica.

Le basi modulari garantiscono un'ottima stabilità, anche su dimensioni eccezionali.

La struttura, anch'essa in metallo, è solidale con le basi ed il ridotto spessore rende l'estetica del tavolo unica.

Il piano in Vetrite è disponibile in 59 varianti estetiche, in finitura Chromo oppure Opalescente.

A table expressing SICIS's commitment to achieve aesthetic originality through research and technological innovation.

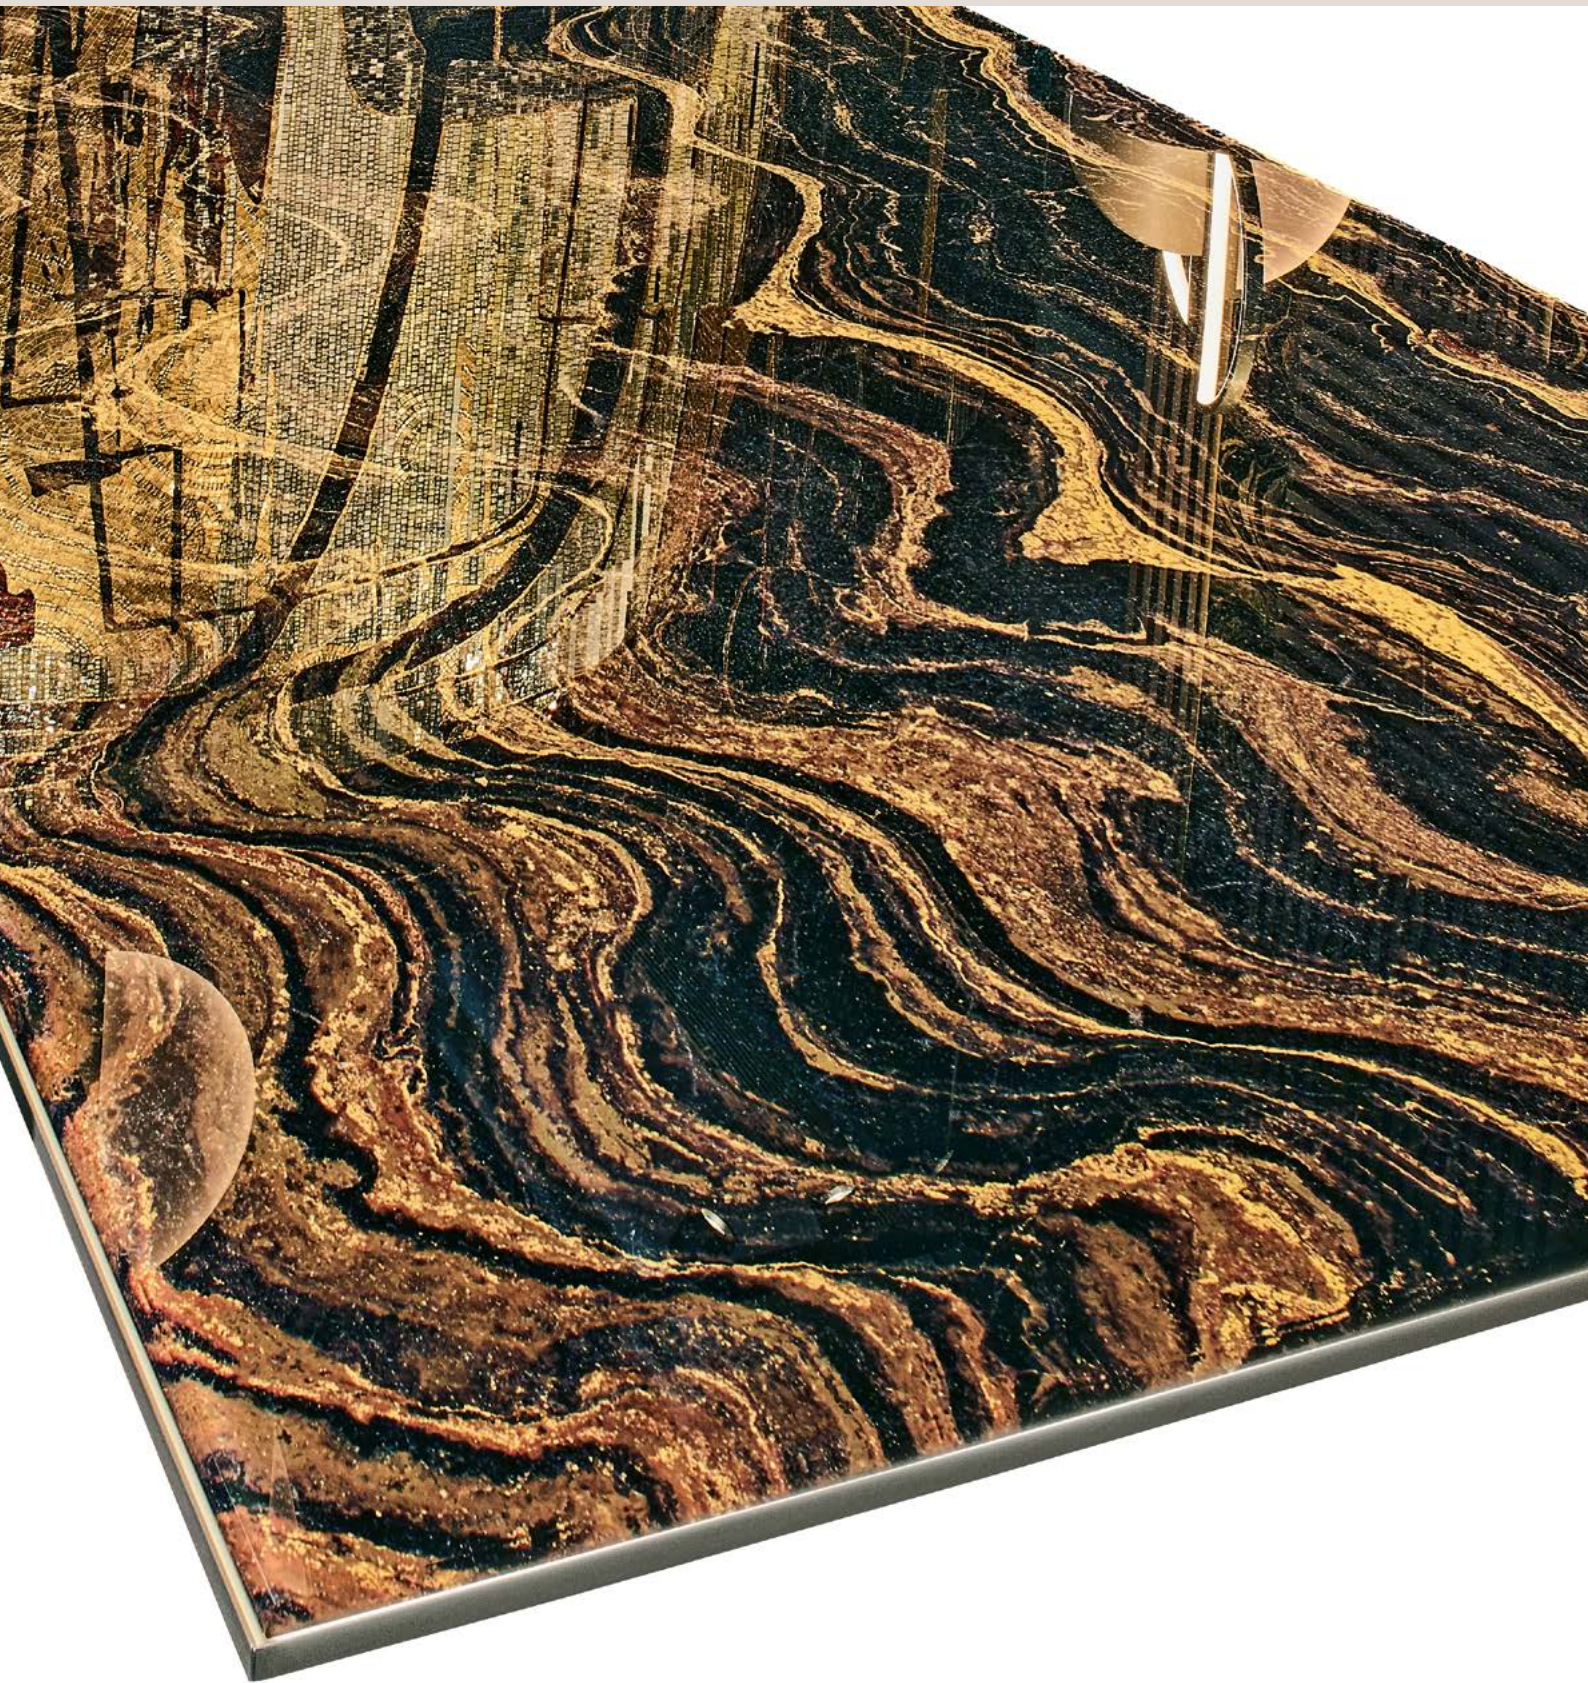

The modular bases ensure an excellent stability even on exceptional dimensions.

The structure, likewise in metal, works with the base, and the reduced thickness makes the aesthetic unique.

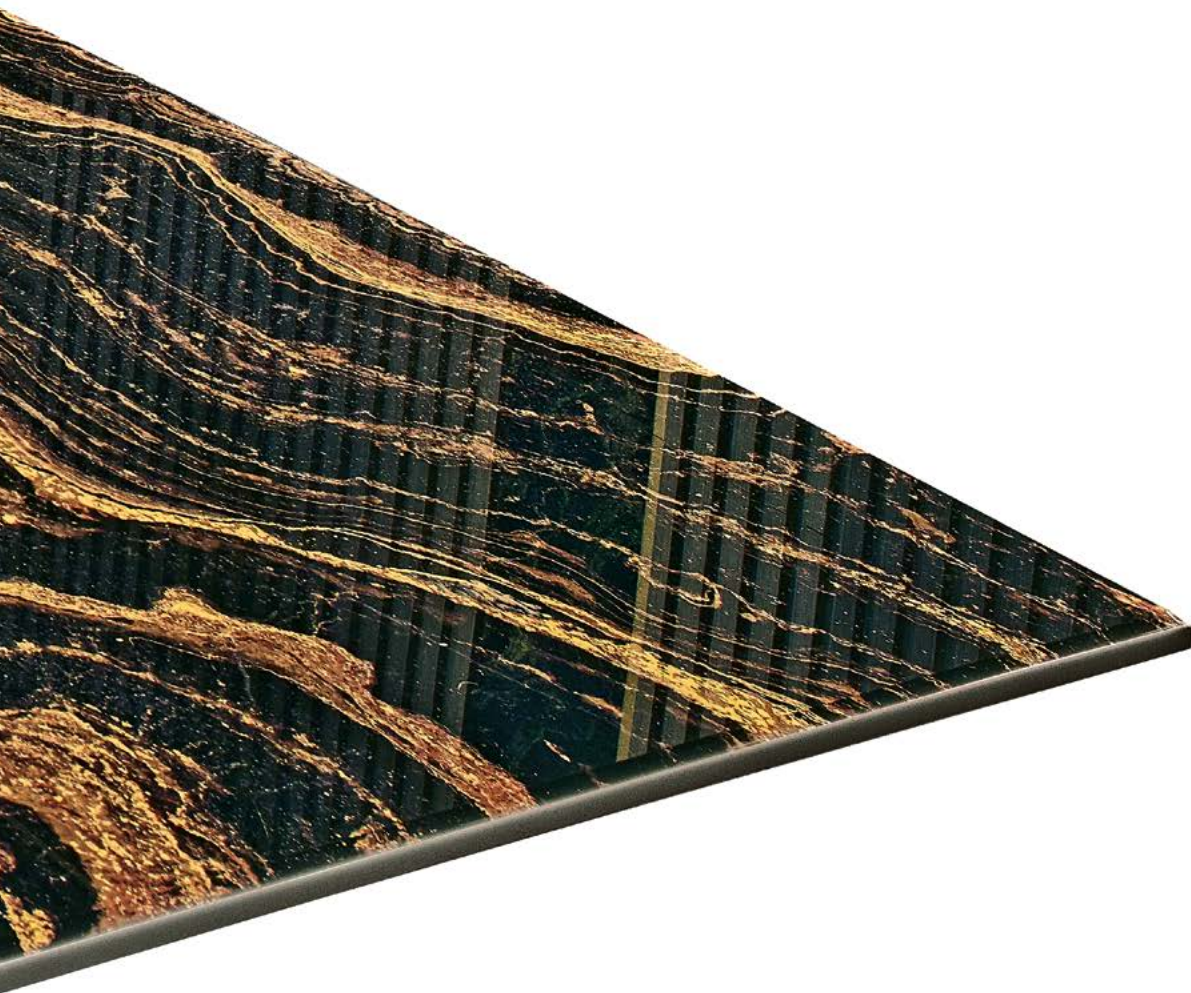

The top in Vetrite is available in 59 versions, in Chrome or Opalescent finishes.
