ROOMS

SICIS presents its own vision of interior decoration, where the contaminations of styles and the inspiration balanced between the classical and the contemporary style, enables to present fancy and elegant ambiances.

A large residence, eleven rooms each of which is built and furnished according to a specific mood has been tailored on market's demand of originality, quality and completeness.

Starting from the new textile tapestries, made by rare silks, lurex and other precious fibres, reproducing in full the drawings of the famous Ito Jakuchu, Japanese painter of the XVIII century, each room has been fully organised, each surface, each corner has been designed down to the most minute detail.

We have thus been able to know the versatility of the VETRITE, a new and innovative covering material, used for floors and walls, to clad an entire wardrobe or a wide bedroom but also for exclusive panels with artistic mosaic, or table tops and other furniture.

In this new collection SICIS have also presented the ebony, as prestigious hardwood dedicated for bookshelves, coffee tables and consolle. Refined craftsmanship finishes, from melted metals, transform some accessories into small jewels; special resins for tables have generated patterns completely experimental.

SICIS have focused particular attention on the upholstered, creating a series of proposals, that best express the renewed textile collection 'TESSERE'.

Great is the aesthetic effect of patterns and new collections of fabrics that derive from the iconic series of SICIS mosaic and the design created by the Factory for the artistic mosaics.

More contemporaneous motifs with different formats and chromatics reach the same glamorous effect.

SICIS has already clear its next targets: continuing to follow the same philosophy and offer new, extremely high quality collections of furnishings and decorations.

SICIS presenta la propria visione di interior decoration, dove le contaminazioni di stili e l'ispirazione in equilibrio tra il classico e il contemporaneo, permettono di presentare ambienti sofisticati ed eleganti. Una grande dimora, undici stanze ognuna costruita e arredata seguendo un preciso mood per rispondere alle esigenze di un mercato alla ricerca di originalità, qualità e completezza delle proposte.

Partendo dai nuovi arazzi tessili, realizzati con sete pregiate, lurex ed altre particolari fibre, che riproducono i disegni del famoso Ito Jakuchu, pittore giapponese del XVIII secolo, ogni stanza è stata organizzata nella completezza, ogni superficie, ogni angolo, fino nei minimi dettagli.

Abbiamo così potuto conoscere la versatilità della VETRITE, nuovo ed innovativo materiale da rivestimento usato a pavimento e a parete, a formare un intero guardaroba o una grande camera da letto ma anche negli esclusivi pannelli insieme al mosaico artistico o nei top di tavoli ed altri arredi.

In questa nuova collezione SICIS introduce anche l'ebano come essenza pregiata, per librerie, tavolini e consolle.

Inoltre speciali finiture del tutto artigianali, lavorate con metalli liquidi, sono state applicate in alcuni complementi rendendoli piccoli gioielli; resine speciali per dei tavoli hanno invece dato origine a patterns del tutto sperimentali.

Particolare attenzione è stata posta sugli imbottiti creando una serie di proposte che esprimono al meglio l'applicazione della rinnovata collezione tessile 'TESSERE'.

Di grande effetto estetico i patterns e le nuove linee di tessuti, declinazioni delle iconiche collezioni di mosaico SICIS e dei disegni ideati per i mosaici artistici dalla Factory, accanto a motivi più contemporanei in differenti formati e soluzioni cromatiche.

SICIS ha già chiaro i prossimi obiettivi, percorrere la strada tracciata e creare nuove collezioni di arredi e decori di altissima qualità.

The cinematic style of traditional American interiors from the 50's and 60's informs this cozy ultra-swank atmosphere: soft shapes, sofas with rounded edges and generous proportions, pastel colors, jewel-like tables with metal details and champagne finish. Walls in Vetríte, art mosaics, floors and fabrics are key elements creating a Glam space.

Uno stile che reinterpreta la tradizione Americana degli interni delle abitazioni e delle stanze del grande cinema degli anni '50-'60. Atmosfera cozy ma allo stesso tempo lussuosa, forme morbide, divani con forme arrotondate e proporzioni generose, colori pastello, tavolini gioiello e metalli con finitura champagne.

Il tutto reinterpretato con proporzioni attuali che non lasciano nulla al caso dove le pareti in Vetríte, i pavimenti e i tessuti diventano elementi fondamentali per ricreare uno spazio Glam.

ORIENTAL

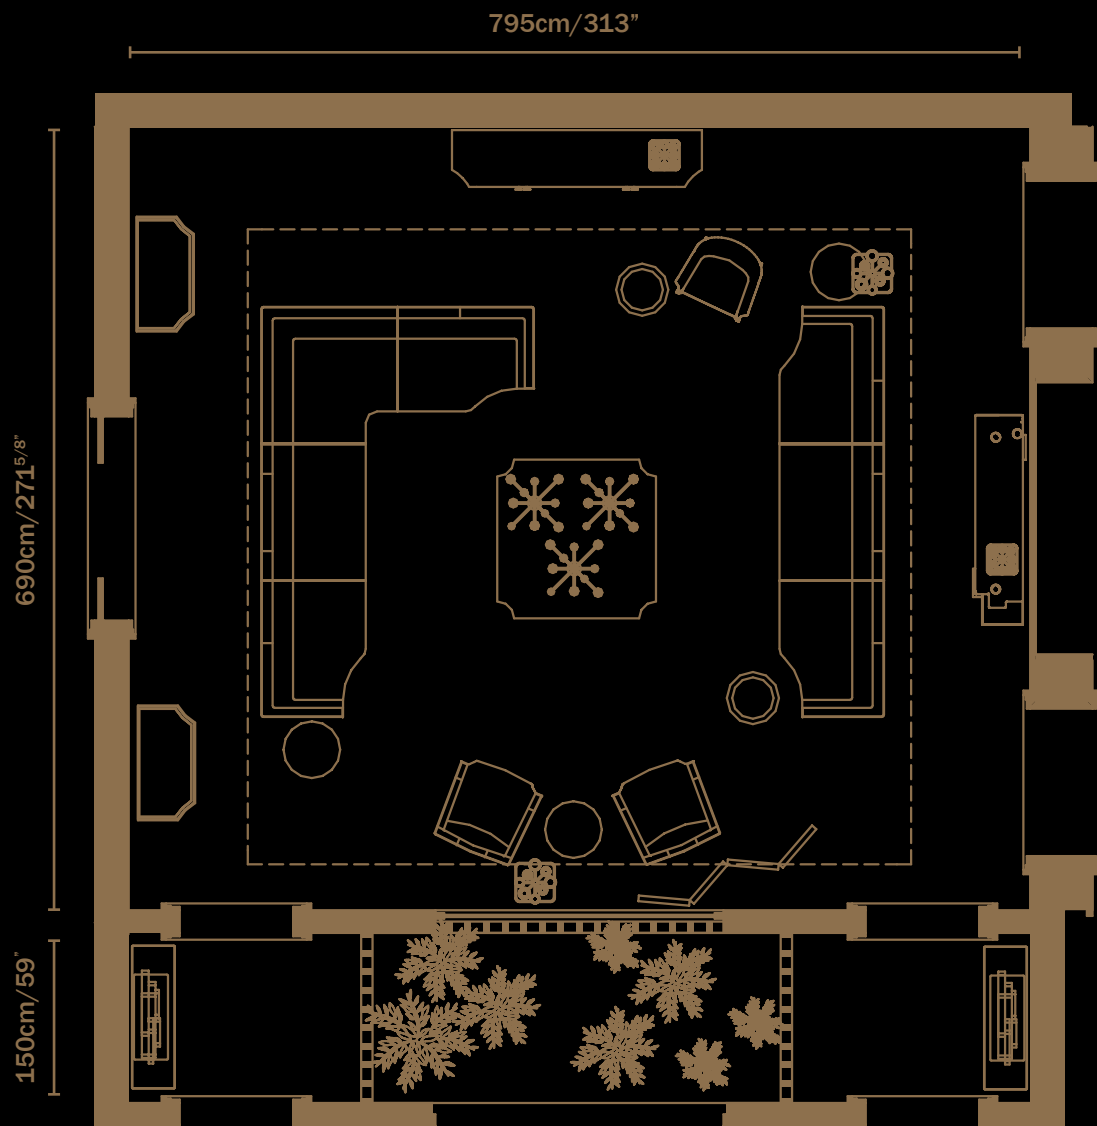

A new modernism based on classic styles with a twist of Asian influences. The shapes are mainly of the Anglo American Art Deco period while the fabrics recall Asian Art Deco imagery. A tribute to American and British decorators from the 40's, 50's and 60's.

Un nuovo modernismo che unisce uno stile classico rivisitato e contaminato da influenze orientali. Forme provenienti dalla cultura classica dell'arredo soprattutto di derivazione Decò anglo-americano reinterpretate con tessuti e accessori di ispirazione orientale. Un omaggio ai decoratori Americani e Inglesi degli anni '40-'50 e '60.

FEATHERS

A timeless style for a cosmopolitan client who loves subtle luxury, precious materials and unparalleled color combinations.

Sofas are generous and modular, creating an enticing conversation area.

Vetrite wall patterning recall the geometric paintings from the 50's and 60's.

The fabrics are in tones of sand combined with shades of steel blue with accents in bronze.

Precious Metal finishes embellish the Furnishings and making them unique.

Uno stile senza tempo per un cliente cosmopolita che ama un lusso non ostentato, i materiali preziosi, l'accostamento inedito dei colori.

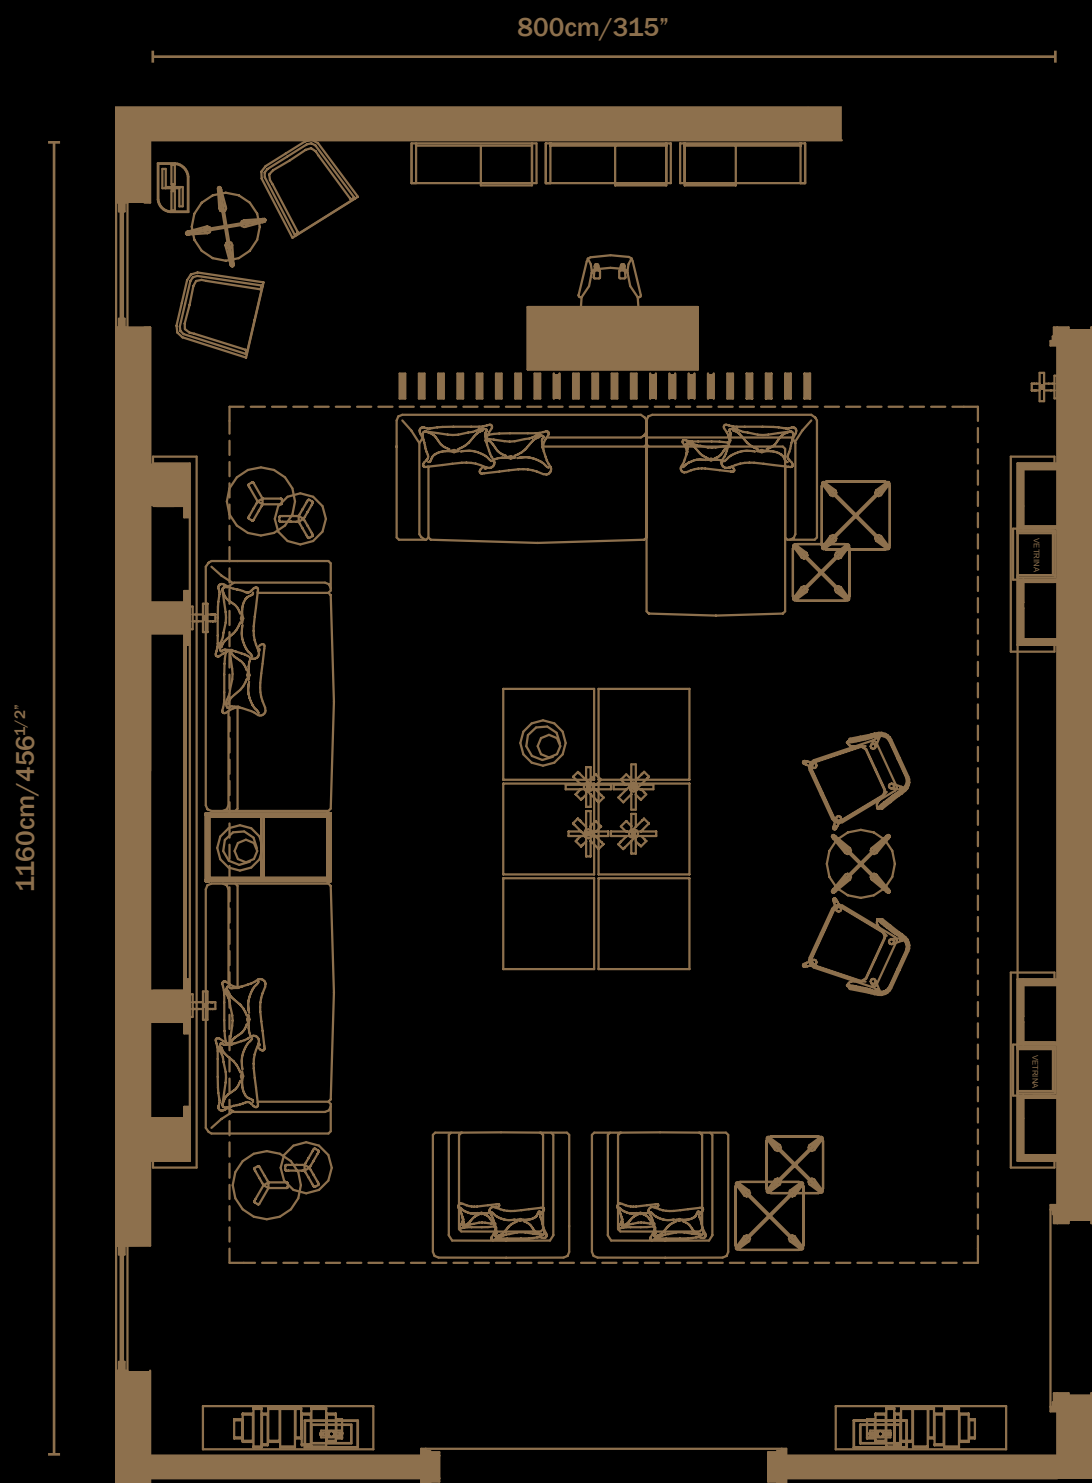

I divani sono generosi e componibili, la zona conversazione sufficientemente ampia.

I disegni dei rivestimenti in Vetrite rimandano a geometrie riconoscibili nelle pitture delle correnti artistiche degli anni '50-'60.

I tessuti coordinati dai toni sabbia si sposano con le gamme di colori nei toni dei blu petrolio e bronzo.

Le finiture dei metalli impreziosiscono gli arredi e li rendono unici.
