# AMAZING ROOMS

*Throughout the production the craft vocation is grafted into the creative tradition of the Made in Italy.*

*Exclusive decorations made with Sicis materials and products, complete the rooms adding originality, in a world of symmetry harmonies, perfect alignments and nuances studied in every declination.*

*Sophisticated finishes, precious fabrics that translate the iconic patterns of the artistic mosaics of the Maison, combined with more technical lines, limited edition tapestries, artistic mosaics and Vetrite on walls and floors, in furniture tops and in combination with mosaic in glass paste and marble. The search for the creative potential of precious materials has also led to the use, for the details of some furniture, of ebony and the adoption of special craftsmanship, such as the liquid metals and special resins.*

*The sofas with linear shapes, which allow different solutions and combinations, are covered with Sicis fabrics in a wide range of processed and laminated velvets, embroidered chenille and much more.*

*Sicis is a complete universe of coordinated products that can dress, enrich and characterize an interior, representing a refined and harmonious lifestyle, capable of creating warm and intense atmospheres.*

*The quality emerges in every collection from the choice of the materials to the heritage of knowledge, craftsmanship, mastery in the art of making furniture and finishes of the highest quality.*

*The idea that becomes style.*

SICIS presenta la propria visione di architettura d'interni, dove il processo creativo diventa l'arte di evocare emozioni, suggestioni di stili, eredità culturale che muove verso il futuro.

Ogni collezione nasce per soddisfare la richiesta di un mercato alla ricerca di innovazione, qualità e personalizzazione del dettaglio.

In tutta la produzione la vocazione artigianale si innesta nella tradizione creativa del Made in Italy.

Decorati esclusivi realizzati con materiali e prodotti Sicis, completano gli ambienti aggiungendo originalità, in un mondo fatto di armonie, allineamenti e nuance studiate in ogni declinazione.

Finiture ricercate, preziosi tessuti che riprendono gli iconici pattern dei mosaici artistici della Maison, accostati a linee più tecniche, arazzi in edizione limitata, mosaici artistici e Vetrite alle pareti e nei pavimenti, nei top di mobili e in combinazione con il mosaico in pasta vetrosa e in marmo. La ricerca delle potenzialità creative dei materiali pregiati ha portato inoltre all'utilizzo, per i particolari di alcuni mobili, dell'ebano e all'adozione di speciali lavorazioni artigianali, come quella con metalli liquidi e resine speciali.

I divani dalle forme lineari, che consentono soluzioni ed accostamenti diversi, sono rivestiti interamente con i tessuti Sicis in una vasta scelta dai velluti lavorati e laminati, ciniglie ricamate e molto altro.

Sicis è un universo completo di prodotti coordinati tra loro, che possono vestire, arricchire e caratterizzare un interno, rappresentare un lifestyle ricercato ed armonico, capace di creare atmosfere calde ed intense.

Da ogni collezione, da ogni elemento emerge la qualità nella scelta delle materie di base, il patrimonio di conoscenza, artigianalità, maestria nell'arte di realizzare mobili e finiture di altissima qualità.

L'idea che diventa stile.

*Our daily commitment consists  
in putting heart and soul  
in everything we do.*

*The joy is to create details that  
no one can even imagine.*

*The ability to create beauty every  
time through something unique.*

Mettere il cuore e l'anima  
in tutto ciò che si fa è il nostro  
impegno quotidiano.

La gioia consiste nel creare  
dettagli che nessuno può  
nemmeno immaginare.

L'abilità di ricavare bellezza ogni volta

*We truly believe that one of the most important thing of our work is the combinations of the materials and the special finishes, such as the fusion of metal on the glass surfaces and the texture of thin filigree on the fabrics.*

Una delle cose a cui teniamo è l'arte di accostare i materiali, la fusione del metallo sulle superfici di vetro, la trama di sottili filigrane e textures strutturate sui tessuti e sui diversi formati.
