BLADE SYSTEM | NIGHT

The custom-made Blade day/night system has been designed to optimize the organization of everyday spaces, both in the living area and in the wardrobe. Whether it is the protagonist of the living room, serving as a TV stand and bookcase, or the domestic temple of fashion, Blade will reign in any space. With various available accessories, from shelves to drawers, hanging rails, and shoe racks, it allows you to create the composition that best suits your needs, to store everyday items in a functional and practical way. Each accessory fits into the hidden rack structure behind the wood or Vetrice Glass panels, offering countless design solutions and allowing creative freedom for clients and designers. Il sistema su misura Blade è stato progettato per ottimizzare l'organizzazione degli spazi quotidiani, adattandosi alla zona "giorno" come a quella "notte". In entrambi i casi Blade diventa il protagonista dello spazio, fungendo da libreria e porta tv nel living o da originale guardaroba, trasformandosi in un piccolo tempio domestico della moda. Con il suo look accattivante, nato dal contrasto tra il caldo legno e la lucentezza del vetro e le sue linee pulite ed essenziali, Blade fa della personalizzazione il suo maggior punto di forza. I vari accessori disponibili, dagli scaffali ai cassetti, pensili e scarpieri, permettono di creare composizioni che si adattano agilmente alle esigenze del cliente realizzando un sistema funzionale per custodire oggetti o indumenti. Ogni accessorio si aggancia alla struttura a cremagliera nascosta dietro i pannelli in legno o lastre di Vetrite, offrendo numerose soluzioni progettuali che offrono ampia libertà creativa. Blade è inoltre dotato di un sistema di illuminazione a LED integrato che diffonde in modo ottimale la luce sugli scaffali e crea suggestivi effetti di retroilluminazione che riflettono sui pannelli in vetro Vetrite. Una proposta versatile, bella da guardare e da vivere, una concentrazione di stile e qualità che si adatta perfettamente alle esigenze del vivere contemporaneo.

Collaborating with Architect Marco Piva, MY PRIVATE BOUTIQUE was designed to create a personal area, a spacious and practical walk-in wardrobe. The term 'private' reflects the idea of a personal space, while 'boutique' emphasizes the desire to showcase, not just store, clothing, accessories, and personal treasures in a visually captivating manner. This scenic design incorporates chromatic and material elements, including Vetríte glass, to craft wardrobe back panels, shelves, and drawers, creating an elegant and luxurious interplay of geometries and reflections. Vetríte glass, with its wide range of patterns, colors, and textures, enriches the space both rigorously and emotionally.

MY PRIVATE BOUTIQUE offers flexibility and personalization, with modular elements and aesthetic choices to suit any environment. It includes wood panels or Vetríte glass surfaces, makeup tops, ambient lighting, hangers, shelves, and standalone elements for organizing and displaying everyday and very special items.

Il termine 'privato' riflette l'idea di uno spazio personale, mentre 'boutique' sottolinea il desiderio di mostrare, non solo riporre, abbigliamento, accessori e tesori personali in modo visivamente accattivante. Questo design scenico incorpora elementi cromatici e materici, tra cui Vetrite, per creare schienali armadio, mensole e cassetti, creando un elegante e lussuoso gioco di geometrie e riflessi. Vetrite, con la sua vasta gamma di pattern, colori e texture, arricchisce lo spazio in modo rigoroso ma anche emozionale. MY PRIVATE BOUTIQUE offre flessibilità e personalizzazione, con elementi modulari e scelte estetiche adatte a qualsiasi ambiente. Include elementi in essenza o superfici in Vetrite, spazi per truccarsi, luci d'ambiente, ganci, scaffali ed elementi standalone per organizzare e visualizzare oggetti di uso quotidiano.

ESSENCE

In shaping Essence, we immersed ourselves in a universe of subtractive visions, giving form to a structure with essential and adaptive aesthetics, capable of harmonizing with the elements of the environment. By covering, for example, both the surrounding walls of the wardrobe and the connections between the modules with Vetrite Glass, a unique and engaging visual continuity is created. This formal essentiality naturally does not compromise functionality, which stands out as the distinctive core of this proposal: from LED strips and interchangeable handles to various components that simplify the organization of personal items.

Nel plasmare Essence, ci siamo immersi in un universo di visioni sottrattive, dando forma a una struttura dall'estetica essenziale e adattiva, capace di interagire in armonia con gli elementi dell'ambiente. Rivestendo, ad esempio in Vetrite, sia le pareti circostanti il guardaroba che i raccordi tra i moduli, si crea una continuità visiva unica e coinvolgente. Questa essenzialità formale non sacrifica naturalmente la funzionalità, che emerge come il fulcro distintivo di questa proposta: dalle strisce a LED e dalle maniglie intercambiabili ai vari componenti che semplificano l'organizzazione dei propri effetti personali.
